Denison University is a Christian college in the sense that all its instruction is motivated by Christian principles. There is no attempt to force religion into a particular denominational expression and all the advantages of the institution are offered to every student without discrimination.

Denison University is a college of liberal arts and sciences in which the development of the individual takes precedence over all other aims. Consequently the University attempts to aid the student to achieve:

1. An ability to think honestly, clearly and constructively;
2. A facility in the oral and written use of English, and some familiarity with the treasures of literature;
3. An understanding of the meaning and methods of the main branches of learning;
4. A sufficient concentration in one or two fields of learning so that he may be prepared more adequately for his life work;
5. An interest in the excellent management of his mind and body so that they may become contributing factors in the furtherance of his life aims;
6. An acquaintanceship with all peoples, past and present, thus developing a cosmopolitan attitude of mind;
7. A social outlook and way of living that will lead to mutually satisfying and helpful relations with others;
8. An appreciation of beauty as expressed in the arts;
9. A determination to use his knowledge for human welfare; and
10. A personality developed around Christian principles and ideals.

GENERAL INFORMATION

HISTORY

Denison is a small college, rich in the belief that has made America great: the belief that in knowledge lies the power for good. Founded in 1831 by Ohio Baptists as the Granville Literary and Theological Institution and incorporated under its present name in 1854, Denison University has stood in the vanguard of American higher education for more than one hundred years. At the present time Denison's offerings as a college of liberal arts and sciences and a conservatory of music are in keeping with its rich cultural heritage. Denison cooperates with the Board of Education of the Northern Baptist Convention, but its teaching has always been non-sectarian and its doors are open to all persons without regard to race or creed.

LOCATION

Denison University is located in Granville, Ohio, at the western edge of the Appalachian plateau. Granville was founded in 1805 by persons who emigrated from Granville, Massachusetts. Much of New England charm and atmosphere is found in this central Ohio village with its broad streets and colonial houses, and many of the college buildings follow the Georgian Colonial architectural design.

Highways passing through Granville connect the village with Newark, the seat of Licking County, seven miles east, and with Columbus, the state capital, 27 miles west, both on Route 16. Granville
is also on State Route 37, just 10 miles north of U.S. 40, and State Route 661 from Mount Vernon and State Route 161 from Urbana.

Railroad connections may be made in Newark with the Pennsylvania or the Baltimore and Ohio lines. Taxicabs and inter-city buses operate between Granville and Newark. Other bus lines serving the village are the Lake Shore System between Newark and Columbus and the transcontinental Greyhound Lines. Express shipments may be made through the American Railway Express which maintains an office in Granville.

CAMPUS AND BUILDINGS

The campus of 350 acres centers on College Hill, a horseshoe-shaped ridge which rises to the north of the business district. At the foot of College Hill and in the west end of the village are several buildings on land that originally comprised Shepardson College for women but is known today as the Lower Campus.

On the crest of the hill the academic buildings, the library, the chapel, and the hospital are located. To the east are the women's dormitories. To the west, adjacent to Fraternity Row, are five residence halls for men. At each extreme, apartments for married couples are built. North of the main college buildings are the spacious playing fields for athletic and recreational purposes. Near the foot of College Hill and adjacent to the Lower Campus, the attractive chapter houses comprising Sorority Circle are grouped.

SWASEY CHAPEL with its stately tower dominates the Denison campus and serves as a landmark to travelers approaching Granville. The building, dedicated in 1924, was named in honor of the donor, Dr. Ambrose Swasey. The chimes in the chapel tower are a memorial to his wife, Lavinia Marston Swasey. Nearby is Swasey Observatory, built in 1910.

THE WILLIAM HOWARD DOANE LIBRARY stands at the head of the quadrangle of academic buildings. The present structure, built in 1937, replaced the original building presented by Dr. William Howard Doane in 1878. The newer building was the gift of his daughters, Mrs. George W. Doane and Miss Ida F. Doane.

DOANE ADMINISTRATION BUILDING, containing the college offices and several classrooms for languages and mathematics, was the gift of Dr. Doane in 1894.

LIFE SCIENCE BUILDING, erected in 1941, is used by the departments of biological sciences, psychology, philosophy, and family life. This building was the gift of Miss Ida Frances Doane.
BARNEY SCIENCE HALL is used by the departments of geology and geography, physics, engineering science, education, religion, sociology, and art. It was the gift of Edgar J. Barney as a memorial to Eliam E. Barney, his father, and was erected in 1905.

TALBOT HALL is a classroom building for languages and economics; the two upper floors serve as a dormitory for men. The building was erected in 1871 and was named in honor of Samson Talbot, the fifth president of Denison.

CHEMISTRY COTTAGE, near Life Science Building, completes the academic buildings on the quadrangle.

CLEVELAND HALL, on the south slope of College Hill near the Lower Campus, serves as a classroom building for the departments of history and government. It also houses the Student Union. Cleveland Hall, given by friends of the college living in Cleveland, served as the men's gymnasium from the time it was built in 1905 until 1950.

Comprising the Lower Campus group are the Conservatory of Music, Recital Hall, the Doane Gymnasium for Women, Shepardson Commons, and six residence halls for women.

On College Hill east of the chapel are Whislcr Memorial Hospital, built in 1929 as a memorial to Helen Arnett Whisler; Colwell House; and four residence halls for women.

DEEDS FIELD, which was named in honor of the donor, Colonel Edward A. Deeds of the Class of 1897, utilizes the natural amphitheatre on the slope to the north of the chapel. The football field and stadium were built in 1922.

PHYSICAL EDUCATION AND COMMUNITY CENTER, located just east of Deeds Field, was built in 1949-50. Primarily the center of physical education for men, it serves a variety of college and community uses. It provides Denison with a completely modern gymnasium seating 3,000 spectators. In addition to the basketball court, the spacious Center contains physical education classrooms and offices; a field house for indoor practice of football, track, and baseball; and various small courts. Adding greatly to the recreational and cultural facilities of Licking County, the Center provides adequate space for all major events such as lectures, concerts, commencement exercises, and other assemblies. Two additional wings to the building are planned, one to house the swimming pool, and the other, the women's gymnasium.

On the north campus at the center of the women's athletic grounds is Lamson Lodge, named for the donor, Julius G. Lamson.
serves as a shelter house and recreation classroom, and contains the Badenoch Memorial Library of the department of physical education for women.

RESIDENCE HALLS

Denison recognizes the experience of group living as an important part of a college education. To that end the University operates residence and dining halls for all women students and for all freshman men. Most of the rooms accommodate two students each, but many of the upperclass women live in suites for three or four students. Upperclass men live in one of eight fraternity chapter houses, in dormitories as accommodations are desired, or in approved private dwellings in the village.

Women students are accommodated in two groups of dormitories, upperclass women living on College Hill at the eastern end of the ridge and freshmen and sophomores on the Lower Campus. On College Hill are Shaw Hall, named in honor of the late President and Mrs. Avery Albert Shaw; Beaver Hall, named in honor of Mary Thresher Beaver; and Sawyer Hall, named for Charles Sawyer, an early benefactor of higher education for women. These residence halls accommodate 270 women, all of whom take their meals in Colwell House.

On the Lower Campus freshman and sophomore women live in Stone Hall, named in honor of the Reverend Marsena Stone, a former professor; King Hall, named in honor of a former trustee; Burton Hall, named in honor of the founders of an early school for girls in Granville; Monomoy Place; Parsons Hall, and East Cottage. Meals for the 260 students residing in these halls are served in Shepardson Commons.

Freshmen occupy Curtis Hall, a large dormitory accommodating 190 men students. Dining facilities in Curtis Hall are adequate to care for residents there and those students who live in other dormitories and who do not take their meals at fraternity houses. Curtis Hall was erected in 1940 as a memorial to Lanson Stage Curtis of the Class of 1896, made possible by a gift from his mother, Mrs. Annetta R. Jewell. The building was enlarged in 1946.

Additional rooms for men are provided on the two upper floors of Talbot Hall.

Gilpatrick House, a cooperative house for upperclass women, is located on the Upper Campus near Colwell House. Here 15 students share the household duties including the preparation of meals. The cooperative nature of the undertaking reduces living costs materially.
Six temporary buildings, operated by the University, provide housing for 18 married couples. Married students may also find living accommodations in private homes or in apartments in Granville or Newark.

ACADEMIC STANDING

Denison is accredited by the North Central Association of Colleges and Secondary Schools as a degree-granting institution. It has been certified by the association since 1913, when it appeared on the association's first published list of degree-granting institutions. Denison is also recognized and approved by the Association of American Universities, the Ohio College Association, the Ohio State Department of Education, the American Association of University Women, the American Association of University Professors, and the American Chemical Society. The Denison Conservatory is a Liberal Arts College member of the National Association of Schools of Music.

CHRISTIAN EMPHASIS

Denison, by heritage and choice, is a Christian college maintaining and developing Christian principles and ideals. Students actively share the religious life of the campus through the chapel services and the several religious organizations on the campus. Academically, Denison provides religious instruction through the Department of Religion.

Of the religious organizations on the campus the Christian Emphasis Program plays an important part in fostering Christian living. In special programs student problems and needs are discussed. In a community service program known as Deni-Service, students actively respond to community needs. In the Young Women's Christian Association women students have opportunities for Christian social service. Monthly vesper services are open to the public.

One week of the college calendar is designated Christian Emphasis Week. Special chapel programs, class discussions, addresses, and forums with guest speakers invite evaluation of the Christian way of life.

A chapel program is held once a week. The program usually follows the pattern of a worship service, and the speaker is often a leader of national reputation. Occasionally a service of a musical nature is provided.
The Bonds of Friendship is an annual, campus-wide campaign to raise money for the World Student Service Fund; a scholarship fund for foreign students; and other philanthropies, including contributions to an equipment fund for Dr. Mary Kirby Berry of the Class of 1938, a medical missionary. At present, three foreign students are at Denison on the scholarship fund raised by the Bonds of Friendship.

CULTURAL DEVELOPMENT

Denison educates a student to lead an intelligent and rewarding life, a life in which culture assumes the importance it must assume if man is to be truly human. In the classroom the student receives a varied and valuable acquaintance with significant aspects of our American heritage and with current developments in our culture. In the extraclass program he has special opportunities to broaden that acquaintance and to pursue interests which will give him the rewards that intellectual living can give.

The William Howard Doane Library assumes great importance in the educational and cultural life at Denison. Rich in its resources of books, periodicals, pamphlets, government publications, microfilm, and recordings, the library is the workshop of the student. In order that it may truly be a workshop both the reserve book section and the general book collection in the stacks are open to all students. The educational philosophy at Denison is to have students use libraries and their resources effectively during and after the college years. Accordingly, the emphasis of the reference service and the formal instruction by the library staff (which begins with the freshman research paper) is on methods of finding information and investigating subjects. The carrels and seminar rooms offer special facilities for independent research and study.

That the library may be an educational and cultural instrument in the broadest sense, a student is encouraged to read beyond specific class assignments. The Browsing Room and the Denisoniana Room offer special opportunities for reading along lines of personal choice.

The enriching experiences offered by the fine arts are constantly available to Denison students. Art exhibits are on display at various times each year, and opportunity for the exhibition of student work is frequently arranged. An Art Treasure Collection is now being assembled, and valuable tapestries, paintings, vases, and other objets d'art are on display. The Denison Art Loan Collection makes available framed pictures, etchings, and prints by world-famous artists to students for use in their rooms for a semester at a time.
Dramatic productions of professional excellence are presented by the Denison University Theatre and by the Denison Summer Theatre. Some of the plays produced in recent years are Peer Gynt, Androcles and the Lion, Much Ado About Nothing, I Remember Mama, The Time of Your Life, and several original plays written by Denison students.

Intercollegiate debating is another of the cultural activities of long standing at Denison. In addition to the varsity debating teams for men, Denison also has intercollegiate forensics for women students and for freshmen.

Students and faculty members participate in a series of weekly programs from the campus studios, which channel the programs to WCLT at Newark, one of the radio stations affiliated with the Standard Network of Ohio.

Religious leaders of national importance are frequently heard in the weekly chapel programs, and outstanding leaders in the arts, the sciences, and social sciences are presented in the Denison Lecture series.

Opportunities to hear and to participate in the production of good music are provided by concerts by the Denison choral groups; recitals by students, faculty, and guest artists; programs by the men’s and women’s glee clubs; special music at chapel services and academic functions by the A Cappella Choir; and programs by the Denison Orchestra and the Denison Band. Outstanding musicians of national reputation are brought to the campus in concerts arranged by the Granville Festival Association in cooperation with the college.

The Denison Scientific Association, established in 1887, issues the Journal of the Scientific Laboratories and meets bi-weekly for the presentation of scientific papers by faculty and students. The Journal, founded by Professor Clarence Luther Herrick in 1885, is internationally recognized.

The Denison Society of Arts and Letters provides an opportunity for the presentation of literary and cultural papers.

Departmental clubs for students exist in almost every field of study.

Students interested in writing, editing, or otherwise assisting in the production of a publication have the opportunity of working on the staffs of The Denisonian, the weekly newspaper; Campus, the quarterly magazine; and The Adytum, the yearbook.

The Denison University Research Foundation exists to foster and encourage constructive research in the arts and sciences. It was es-
established in 1942 by a gift from an anonymous donor. The Foundation awards Research Scholarships to outstanding men and women. The Foundation also sponsors prizes at Commencement for the best thesis submitted by a candidate for a degree with honors in each of the fields of the arts, sciences, and social studies.

THE DENISON FELLOWS

The Denison Fellows comprise an organization of alumni and friends of the University who agree to support Denison with an annual gift of not less than $100, and to whom the University in return offers a close relationship with Denison.

HEALTH

Denison recognizes its responsibility for the health and well being of its students by providing a complete medical service, adequate health instruction, and the efficient administration of dining halls and dormitories. The University physician, aided by three registered nurses, maintains in Whisler Memorial Hospital an up-to-date clinic where prompt medical attention is available. The physician may be consulted for examination and treatment at specified hours, and a trained nurse is on duty at all times.

That students may develop habits of good health, instruction in health is provided in the classroom and in the departments of physical education. Programs of study and training are designed to meet hygienic and recreational needs.

In administering the dormitories and dining halls, the University takes every safeguard to protect the health of its students. Trained dietitians supervise the choice of food, the preparation, and the serving.

ATHLETICS

In intercollegiate athletics Denison is a member of the Ohio Conference and its teams participate in football, basketball, baseball, track, tennis, and golf. The men's intramural program in several seasonal sports stresses skills and the competitive spirit, and is campus-wide in its scope. The women have an extensive intramural program and occasionally participate in intercollegiate contests.
STUDENT GOVERNMENT AND SOCIAL LIFE

Denison students have the unique opportunity of sharing membership on policy-making groups of the University's administrative bodies, such as the committees on admissions, curriculum, calendar, and others, in addition to operating their own student organizations with a great degree of freedom. The principal elective officers direct the activities of the Denison Campus Government Association and serve as the student representatives on the Student-Faculty Council. This council recommends to both the Student Senate and the Faculty improvements in the regulation of campus activities.

The Denison Campus Government Association functions through the Senate, the Women's Council, the Judicial Councils, and the Boards of Control of Debate, Dramatics, Music, Publications, Recreation, Religious Activities, and Women's Athletics.

In each college-operated dormitory, a House Council, made up of elected students, directs the social administration in cooperation with the head resident, who is a member of the University staff.

The social life of the campus centers in the Student Union which is the gathering place of the student body. Its recreation committee plans various special activities at the Union, including all-college dances, parties, and picnics.

The Interfraternity Council and the Panhellenic Council work cooperatively through the nine fraternities and the seven sororities in developing an adequate social program. Nearly all of these national Greek-letter organizations maintain chapter houses on or near the campus, generously sharing their facilities with the students, faculty, and townspeople.

Changes in costs including tuition, fees, room, or board sometimes become necessary, in view of the economic uncertainty of the times. The University reserves the right to make such changes at the beginning of any semester by publication of the new rates for tuition and fees three months in advance, for board and room one month in advance of their effective date.

THE TUITION AND INCIDENTAL FEE of $262.50 permits a student to take from nine to 17 semester-hours of credit. A fee of $14 is charged for each registered hour in excess of 17 hours. A part-time student carries fewer than nine semester-hours at the rate of $14 for each hour of credit. Full-time students receive in addition a variety of services and entertainment. Among these are library, course, laboratory (except deposit for breakage), and health service fees. The health service includes hospital care up to three days a semester (exclusive of medical, surgical costs such as X-ray, services of special nurses and consultants, calls to a student's room, supply of special medicines, or the use of special appliances). For hospitalization in excess of three days a charge of $7 a day is made. The fee also supports the Denison Campus Government Association and certain other student organizations. Its payment admits the student to plays, concerts, lectures, intercollegiate athletic contests, and covers a subscription to the weekly newspaper, the quarterly magazine, and the yearbook.

A part-time student must pay a $3 part-time incidental fee. If he desires hospital and student activity privileges, he must make the necessary arrangements with the Bursar.

ROOM RENT for a single room ranges from $125 to $130 a semester. The usual charge is $105 a semester to each occupant of a room in the college residence halls on the lower campus and $115 a semester to each occupant of a suite in the college residence halls on the upper campus. The price of suites in Talbot Hall is $90 a student a semester. No room is rented for a shorter period than one semester. The cost of any damage to the furniture or the room beyond ordinary wear will be assessed to the occupant.
**EXPENSES**

MEALS are served in the college dining halls throughout the academic year except in vacations. The charge for board is $220 a semester.

BOOKS AND SUPPLIES cost approximately $30 to $40 a semester according to the courses the student chooses.

CONSERVATORY OF MUSIC FEES are required of a student taking private lessons in Voice, Organ, Piano, Violin, Violoncello, or Wind Instruments. On the basis of one private lesson a week including the necessary practice time, the charge is $15 a semester-hour. (If the total hours carried exceed 17 semester-hours, the student is subject to the fee for excess registration.)

A student paying regular tuition may attend classes in music without extra charge.

A non-collegiate student pays $32.50 a semester for one lesson a week and $60 for two lessons. He also pays 15 cents an hour for organ rental and 5 cents an hour for piano rental. If he takes courses other than private lessons, the student pays the part-time tuition fee of $14 a semester-hour of credit and the part-time incidental fee of $3.

**PAYMENT OF BILLS**

BILLS ARE PAYABLE to Denison University at the Office of the Bursar. To help develop in the students a sense of responsibility and a greater appreciation of the educational opportunity, the University has a policy of collecting semester bills from the students rather than from their parents. Semester bills are due on Registration Day but may be paid in advance. All other bills are due within 10 days from the date presented and are subject to a service charge of $1 when overdue.

A student is ineligible to attend classes unless his bills are paid when due. A student will be denied an honorable dismissal, a transfer of credits, or a diploma until all college bills are paid in full. On request, receipted bills are issued when the statement is returned.

DEFERMENT of one-half of the net bill for the first semester is allowed until November 15, and for the second semester until April 10, providing the request is made to the Bursar on or before Registration Day.

CANCELLATION OF RESERVATIONS should be made prior to June 1 or December 15 for the succeeding semester in order to release dormitory space and to permit others to be admitted for registration. Both
the registration deposit of $25 and the room deposit of $25 made during the admissions procedure are refundable if the time limit is observed. A student involuntarily called to military service after June 1 or December 15 but prior to the beginning of the next semester shall receive a refund of these deposits.

A freshman man planning to reside elsewhere than in a college dormitory the succeeding year may, on the pre-registration form in the second semester, request the refund of his room deposit.

A woman or man living in a college residence hall in the senior year will have the refunds credited on the statement issued for the second semester's expenses.

A request to the Registrar for a transcript of credits shall not be regarded as a cancellation of a room reservation or considered a notice of withdrawal from the college unless accompanied by a specific statement to that effect.
SCHOLARSHIPS AND GRANTS-IN-AID

Denison University recognizes promise and intellectual attainment of its students by awarding a number of honor scholarships, special scholarships, and grants-in-aid. These awards vary in value and are available to a limited number of entering students, to a larger number of students in residence, and to a limited number of graduates. Application blanks for all competitive awards may be obtained by addressing the Secretary, Committee on Scholarships and Student Employment.

HONOR SCHOLARSHIPS

Honor Scholarships are awarded without application by the recipient except in the case of Denison Tuition Scholarships, which are competitive.

DENISON TUITION SCHOLARSHIPS. Denison Tuition Scholarships of $450 a year are awarded on a four-year full-tuition basis to high school seniors of high intellectual ability and strong moral character. They must possess qualities of leadership as shown by their activities in preparatory school, church, and neighborhood groups. Applicants are required to take the Scholastic Aptitude Test (verbal and mathematical) of the College Entrance Examination Board, together with its Achievement Test in English and in two additional fields of the candidate's choice. Applicants may take the January or March series, preferably the former. The candidates will be judged on the basis of the results of the tests and the accepted application for admission. Interviewing of applicants by college officials will be arranged either on the campus or in regional centers. The award is for four years providing the recipient maintains a 3.25 grade average. Probation for any cause automatically voids the scholarship and makes reapplication necessary when the probation is removed. Request to the Office of Admissions for application blank should be made prior to March 1.

THE DENISON UNIVERSITY RESEARCH FOUNDATION SCHOLARSHIPS

Denison University Research Foundation Scholarships varying from $100 to $500 are awarded annually near the close of the sophomore or junior year to men and women showing a genuine interest in research. Intellectual ability and qualities of leadership are taken into consideration in the selection of students for these awards which may be renewed annually for a period covering graduate study.

GRANVILLE CENTENNIAL SCHOLARSHIP

The Granville Centennial Scholarship is a four-year award amounting to $150 a year, renewable only if at least a 3.0 grade-
point average is maintained. A high ranking student in the graduating class of the Granville High School is selected by the University and the Superintendent of Schools in accordance with restrictions laid down by the Denison Board of Trustees. This scholarship was established in recognition of contributions made by residents of Granville to the Centennial Endowment Fund.

THE DENISON THEATRE ARTS FELLOWSHIP

The Denison Theatre Arts Fellowship, valued at $500, must be used to finance a trip to Hollywood, California, to study the motion picture industry, or to New York City to study the legitimate theatre. The award is made to the most promising junior majoring in the Department of Theatre Arts. The fellowship was established jointly by Joseph G. Nellis of the Class of 1930 and Fred Tuerk.

THE EBENEZER THRESHER FUND ($10,000)

The income from this sum is awarded to a freshman man of high scholastic rank who shows promise of usefulness and is of unquestionable moral character. Selection is made by the Faculty of the University. The award is made at the close of the first semester of the freshman year and is payable in four equal annual installments, providing a 3.25 grade average is maintained.

THE A. H. HEISEY COMPANY DESIGN IN GLASSWARE SCHOLARSHIP

A competitive award of $200 is made to a student in the Department of Art who presents the best design in glassware.

THE MARY HARTWELL CATHERWOOD SCHOLARSHIP FUND ($2,000)

The annual income from this sum is awarded upon the recommendation of the chairman of the Department of English to a junior or senior student definitely planning a career in writing.

THE FRANCES WAYLAND SHEPARDSON SCHOLARSHIP FUND ($5,000)

The annual income from this sum is awarded to the student who has shown proficiency in courses in American History.

THE CORA WHITCOMB SHEPARDSON SCHOLARSHIP FUND ($5,000)

The income from this sum is awarded to students who have shown proficiency in courses in Art.

THE WILLIS A. AND FRANCES W. CHAMBERLIN SCHOLARSHIP ($1,000)

The income from this fund is to be used to aid students of high scholarship majoring in the Humanities.

THE DANIEL SHEPARDSON MEMORIAL SCHOLARSHIP FUND ($2,500)

The income from this sum is awarded to the junior woman showing promise of outstanding leadership in the field of religious activity. Selection is made by the alumnae group administering the fund.
THE JOHN T. GILPATRICK SCHOLARSHIP ($1,117)
This sum yields an income to be awarded annually to a member of the senior class recommended by the faculty of the Department of Mathematics for excellence in that subject.

THE LAURA F. PLATTS SCHOLARSHIP
This annual award of $50 is made to the senior woman who gives promise of service to mankind. Selection is based on her college record.

THE JULIET BARKER SARETT SCHOLARSHIP FUND ($10,000)
This sum yields an income to be awarded to students who have shown general excellence in their academic work, particularly in English and Theatre Arts. Four scholarships, two in each subject, are awarded at the end of the junior year upon recommendation by the chairman of the respective departments.

HONOR SCHOLARSHIPS IN MUSIC

THE ELIZA SMART SHEPARDSON SCHOLARSHIP FUND ($2,500)
The income from this sum is awarded to worthy students enrolled in the Conservatory of Music.

THE GERTRUDE CARHARTT BRELSFORD MEMORIAL FUND ($2,500)
The income from this sum is awarded to worthy students enrolled in the Conservatory of Music.

THE PRESSER MUSIC FOUNDATION SCHOLARSHIPS
The sum of $250 is made available annually by the Presser Music Foundation to students planning to make their living in music. Selection of the students is made on recommendation of the faculty of the Denison Conservatory of Music.

GRADUATE HONOR SCHOLARSHIPS

THE DENISON UNIVERSITY TUITION SCHOLARSHIP
The Denison University Tuition Scholarship is one of the Ohio College Tuition Scholarships established by the trustees of the Ohio State University and is open to graduates of Denison for one year. Nominations for this scholarship are made by the President and the Dean of the College.
RHODES SCHOLARSHIPS

The Cecil Rhodes Scholarships, tenable for three years at Oxford University, England, are open to men who have completed their sophomore year in an American college. These scholarships are made available annually on the combined basis of character, scholarship, athletics, and leadership in extracurricular activities. Men interested in competing for this national award should consult the Dean of the College.

SPECIAL SCHOLARSHIPS

THE BAPTIST SCHOLARSHIP FUND

Daughters and sons of Baptist ministers and missionaries receive a scholarship allowance of $50 a semester as long as a satisfactory scholastic average is maintained. This aid is given in recognition of Denison's heritage from the Baptist denomination throughout the entire history of the college.

THE LOVERNE NOYES SCHOLARSHIP FUND

Denison University shares in a sum varying according to the income from the LaVerne Noyes Estate. The scholarships are restricted to needy students who are children or blood descendants of those who served in the Army or the Navy of the United States in World War I.

GRANTS-IN-AID

GRANTS-IN-AID should be sought only by those who need help in meeting the expenses of their college education. A number of grants-in-aid which require the recipient to complete a work assignment are available. Certain work-exempt grants are designated for daughters and sons of faculty and employees, of Baptist ministers and missionaries, and for Baptist students preparing for the Christian ministry.

Grants-in-aid are awarded after a student has been admitted to Denison and remain in force for one year only, subject to renewal by special action of the Committee on Scholarships and Student Employment. (Renewals are announced on or about May 15.) The Committee may vary the amount of the grant as the need of the student fluctuates. The grant-in-aid normally is applied to the student's second semester bill for college expense. However, when the grant carries a work assignment the credit is tentative until the work assignment is completed.
An applicant for a grant-in-aid must show evidence of academic worth. He must remain in good standing for the duration of his grant, and if for any reason he is placed on probation, financial assistance may be withdrawn.

The proper form for application may be obtained from the Secretary, Committee on Scholarships and Student Employment.

FUNDS INCREASED OR ESTABLISHED

The following scholarship funds were increased during the fiscal year ending July 31, 1951:

The Samuel B. Brierly Scholarship Fund
This fund, increased by $21,600 to bring the total to $122,811 is a specially invested fund yielding an income annually to provide scholarships for needy and qualified students of Christian parentage and high moral character. This fund is contributed by two friends in memory of Samuel B. Brierly of the Class of 1875, founder of the Denison Alumnus and a long-time president of the Society of the Alumni.

Masuo S. and Kiyo A. Hoshide Scholarship Fund
This scholarship, established by friends in memory of Masuo S. Hoshide of the Class of 1931 and his wife, was increased by $31 to bring the total to $755. The income of this fund is available to needy students.
THE ELIZABETH S. EWART SCHOLARSHIP FUND
This scholarship fund was increased from $2,000 to $2,500 by the release of an annuity following the death of Miss Ewart.

THE EDWARD TAYLOR CLISSOLD MEMORIAL SCHOLARSHIP FUND
This fund has been increased to $3,133 by an additional gift from members of his family.

The following scholarship was established during the fiscal year ending July 31, 1951:

THE MILLARD BRELSFORD MEMORIAL SCHOLARSHIP FUND
This fund of $1,255 was established in memory of Millard Brelsford of the Class of 1897, former treasurer of the University and secretary of the Board of Trustees, by members and friends of the East Cleveland Baptist Church, which he served as pastor for two periods. The income only is available for scholarships to needy students.

STUDENT EMPLOYMENT

In making student employment available to a limited number of worthy students who need to earn a part of their expenses in college, Denison University maintains a tradition established by its founding fathers. Application for student employment should be made to the Secretary, Committee on Scholarships and Student Employment. Work assignments are made through the Office of the Business Manager. An applicant must give evidence of ability to do work of value to the college, such as laboratory assistance, dormitory assistance, dining hall service, stenographic service, or labor on the campus. He must maintain the work assignment without jeopardizing his scholastic standing and must not be on probation for any reason.

LOAN FUNDS AVAILABLE

Loans are available to worthy students who have completed at least one semester of residence. A loan may be used only to defray expenses specifically pertaining to a college education. The applicant is required to furnish information regarding the purpose of the loan, any outstanding obligations to the college or to other sources, the amount of financial aid received from his parents or guardian, the total sum earned annually toward his college expenses, and the
amount of life insurance carried. The promissory note must be made and co-signed by a parent or guardian, not by a fellow student or a faculty member. The application blank should be obtained from the Dean of Men or the Dean of Women.

Approximately $20,000 for student loans is available from the following established funds:

- The Fletcher O. Marsh Fund
- The Edward LeGrande Husted Fund
- The Ida S. Fisher Loan Fund
- The C. L. Williams Alumni Loan Fund
- The Class of 1927 Loan Fund
- The Asher King Mather Loan Fund
- The Edward Gear Ewart Loan Fund
- The Charles F. Burke Memorial Loan Fund
- The W. C. Woodyard Loan Fund
- The Burton Memorial Loan Fund
- The Joseph M. and Amy W. Collins Loan Fund
- The Miller-Exman Loan Fund
- The Millard Brelsford Memorial Loan Fund

The following loan fund was established during the fiscal year ending July 31, 1951:

**THE MILLARD FRELSFORD MEMORIAL LOAN FUND**

This fund of $1,255 was also established in memory of Millard Brelsford of the Class of 1897, former treasurer of the University and secretary of the Board of Trustees, by members and friends of the East Cleveland Baptist Church, which he served as pastor for two periods. The income only is available for loans to needy students.

**ADDITIONAL SOURCES**, such as foundations, fraternities, and sororities, make scholarship and loan funds available to Denison students. Information may be obtained by addressing the Bursar of the University or the Secretary of the Denison Board of Trustees, Granville, Ohio.
ACADEMIC HONORS AND PRIZES

GRADUATION WITH HONORS

Graduation with Honors is the distinction accorded a student who earns a superior rating on his honors project and in his comprehensive examinations. His diploma is inscribed with the words Graduation with Honors. (See Privileges Open to Superior Students under Plan of Study.)

DEAN'S LIST OF ANNUAL HONORS

A student earning a cumulative grade-point average that places him in the upper-fifth of his class (freshman, sophomore, junior, or senior), provided no grade in his year's record is below C, is placed on the Dean's List. Those attaining this honor are given public recognition at an annual convocation. Candidates for graduation who have qualified for the Dean's List throughout four years are given special recognition at Commencement.

HONORARY SOCIETIES

The Phi Beta Kappa Society, founded in 1776 to recognize and encourage scholarly pursuits, established the Theta of Ohio chapter at Denison in 1911. Annually new members are elected from students in the junior or senior classes ranking highest in scholarship.

The Phi Society, an organization for encouraging high scholarship among freshmen, was founded by the Theta of Ohio chapter of Phi Beta Kappa in 1925. A student is required to earn at least 112 grade-points during the freshman year to be considered for this honor.

Other honorary societies having chapters at Denison are Omicron Delta Kappa and Mortar Board, for leadership; Blue Key and Crossed Keys, for activities; Eta Sigma Phi, for classical languages; Tau Kappa Alpha, for forensics; Pi Delta Epsilon, for publications; Phi Mu Alpha and Delta Omicron, for music; Sigma Delta Pi, for the Spanish language; Psi Chi, for psychology; Orchesis, for interpretative dancing; Masquers and University Players, for dramatics; Pi Sigma Alpha, for political science; Pi Delta Phi, for the French language, and the “D” Association, for intercollegiate athletics.

PRIZES

Recognizing that true culture is largely the result of individual effort, Denison University offers a number of prizes to reward students for special excellence. Students are eligible to compete for the following prizes: (See also Honor Scholarships.)

THE LEWIS LITERARY PRIZE CONTEST

Four prizes, totaling $100, are awarded to the four men ranking the highest in the annual contest for excellence in public speaking.
The prizes were originally presented to the Franklin and Calliopean Literary Societies by Charles T. Lewis, former president of the Board of Trustees. They were continued by his son, Howard Lewis of the Class of 1900, and now by his grandsons, Melvin P. Lewis and Howard Lewis, Jr.

THE SAMSON TALBOT BIBLE READING CONTEST
This is an endowed fund yielding a first prize of $25 and a second prize of $12.50 for the best reading of the Scriptures. It is open to seniors and juniors.

DENISON UNIVERSITY RESEARCH FOUNDATION PRIZES
The Research Foundation annually offers three prizes of $100 for the best thesis submitted by candidates for degrees with honors. One prize is awarded in each of the three fields, science, social studies, and the creative arts, providing a project of distinct merit is presented and providing the student has not been the recipient of another substantial prize in the same year. These awards are made by a committee of three in each field, the committees to be appointed annually by the chairman of the Denison University Research Foundation.

THE WOODLAND CHEMISTRY PRIZES
A first and second prize, amounting to $150 and $50, are awarded annually to two junior students in regular standing who prepare, under the direction of the chairman of the Department of Chemistry, the best thesis on some phase of chemistry in its relationship to industrial or everyday life. These prizes were established as a memorial to William Henry Woodland in a bequest by his son, J. Ernest Woodland of the Class of 1891.

THE FRESHMAN CHEMISTRY PRIZE
This medal is offered annually by the Denison Chemical Society to the student making the best record in Chemistry 111-112.

THE RAY SANFORD STOUT ENGLISH PRIZES
Two prizes, $20 and $10, are awarded for excellence in short story writing. Manuscripts should be submitted to the chairman of the Department of English. These awards were established by Henry S. Stout of the Class of 1915 in memory of his mother.

THE SENIOR RESEARCH PRIZE IN ECONOMICS
A prize of $50 is awarded annually to the student enrolled in Economics 414 who prepares, under the direction of the chairman of the department, the best original thesis dealing with a significant problem in economics. The papers are judged by persons outside of the department.

CHI OMEGA SOCIOLOGY PRIZE
A prize of $25 is awarded to the senior woman with the highest
scholastic standing in the Department of Sociology. The prize is offered annually by the Delta Gamma chapter of Chi Omega.

THE ANNIE M. MACNEILL POETRY PRIZES
Two endowed prizes are awarded: (1) To the student with high standing in English who is judged by the Department of English the most proficient in the writing of poetry and (2) to the junior or senior who ranks highest in the course devoted to the study of Robert Browning's poetry. An annual income from a fund of $1,000 is used for each prize.

THE SIGMA DELTA PI MEDALS
Three official awards of the American Association of Teachers of Spanish and Portuguese are offered by the Denison chapter of Sigma Delta Pi: (1) To the two students making the best records in Elementary Spanish, and (2) to the student making the best record in Second-year Spanish.

THE LOUIS KUSMAUL FRIENDSHIP AWARD
This prize of $50 is awarded annually to the student who has contributed most to the friendly relations between the town and the college. The selection is made by the President of the Greater Granville Association, Incorporated, and the President of Denison University. The money for this award is provided by the annual income from $1,800 from the estate of Harry W. Amos, Class of 1899, who established the award.

THE EBAUGH AWARD
This award, to encourage post-graduate study, entitles the outstanding senior majoring in chemistry to a membership in the American Chemical Society. The award was established in memory of William Clarence Ebaugh, a former professor, by a graduate of the Department of Chemistry.

THE CLARA HUDSON KING MEMORIAL AWARD
This award is given to the outstanding senior majoring in the Department of Art and is presented during the Annual Spring Art Exhibit. The award was established by Horace King, professor of Art, as a memorial to his mother.

THE CHARLES EDWARD SILBERNAGEL MEMORIAL PRIZE
This annual prize of $100 is awarded to the senior premedical student who, in the judgment of the adviser to premedical students, has shown the greatest aptitude in premedical subjects. The recipient must have been admitted to the first year of a Class A Medical School. The prize was established by Mrs. C. E. Silbernagel and her son, Dr. Wynne Silbernagel of the Class of 1926, in memory of the husband and father.
ADMISSION

Denison selects for admission those applicants who seem best qualified to contribute to the campus community and to benefit from the opportunities offered. As a means of choosing those who will contribute significantly to the education of others and make substantial personal growth, the Admissions Committee considers carefully the high school or preparatory school academic record (an applicant is expected to rank well in comparison with his classmates), aptitude test scores, required recommendations, school and community activities, and the applicant's personal statement.

For an evaluation of a prospective student, a personal interview is highly desirable. This interview may be held either at Denison or at a center near the applicant's home. Since Denison draws its students from many states, attention is given to the geographical distribution of its student body. Meeting the minimum requirements for entrance does not, in itself, assure admission.

ADMISSION OF FRESHMEN

A student who desires to enter Denison should submit the preliminary application attached as the last sheet of this catalog or the viewbook. Upon receipt of the preliminary application, the Admissions Office places the applicant on a mailing list to be sent a formal application during October of the year prior to entry. (If preliminary application is made after October of the year prior to entry, a formal application is sent immediately.) The first choices of the Admissions Committee are made by April 15 from those applications completed before March 1. An early date of application does not necessarily assure acceptance. Applications will be considered after that date for such space as then remains available in the quota set for the freshman class.

The following minimum requirements must be met by every applicant:

SECONDARY SCHOOL CREDITS. Graduation and college certification from an accredited high school or preparatory school with at least 15 acceptable units are required. Although Denison does not require that the high school course submitted by the applicant shall follow a particular pattern, thorough preparation in certain types of subject matter provides a highly desirable background for college work. For this reason the student's program should include these courses:
ADMISSION

English, four units; Mathematics, including algebra and plane geometry, two units; Foreign Language, two units in the same field; History, one unit; Laboratory Science, one unit. In addition, at least two of the remaining five units required for entrance should be in these or related fields.

APTITUDE TEST SCORES. A satisfactory score is required on one of these standard tests to be taken during the senior year: (a) Scholastic Aptitude Test of the College Entrance Board, (b) Psychological Examination (current college edition) of the American Council on Education, or (c) Ohio State Psychological Test (current edition). In some instances, designated achievement tests may also be required.

OTHER REQUIREMENTS. Other requirements for admission are contained in the formal application blank: (a) An Official Certificate of Secondary School Credits after completion of the seventh semester; (b) Personal Appraisals by the secondary school principal, headmaster, or guidance officer, and by the minister or other religious leader; (c) The Applicant's Listing of participation in school, church, and community activities, and (d) The Applicant's Statement of Purpose in attending college.

After the applicant has been accepted and prior to the opening of college (preferably in late summer), his physician must forward a Health Report on the form furnished by the college.

FEES AND DEPOSITS. An applicant must pay these fees and deposits: (a) A Non-refundable Fee of $6 to accompany the formal application; (b) A Registration Deposit of $25 payable as soon as a student is accepted for admission, and (c) A Room Reservation Deposit of $25, except veterans and men who enter as transfer students with sophomore, junior, or senior standing and who do not desire dormitory accommodations.

Both the registration deposit and the room reservation deposit are refundable until June 1 upon written withdrawal of the application addressed to the Admissions Office. An applicant accepted after June 1 may apply within two weeks for the refund of deposits under the foregoing provisions.

ACCEPTANCE PROCEDURE

Applicants are considered upon a basis of grades for seven semesters of secondary school work. First selections for both men and women will be announced by April 15, from applications which are completed by March 1. Waiting lists will be established at that time.
A student whose application has been refused, although he meets the minimum entrance requirements, will be considered for the following year, if he so desires, but only in competition with the applicants of that year.

ADMISSION TO ADVANCED STANDING

A student who is eligible for advanced standing should apply for admission prior to March 1. He must file the regular admission credentials listed under the requirements for freshman entrance, with the exception of a high school aptitude test. In addition, he must file a complete official transcript of his college record and a recommendation from a dean of the college last attended. He may be required to present satisfactory scores on the College Entrance Examination Board Intermediate Test for College Students. Consideration will be given only to an applicant entitled to honorable dismissal from the college previously attended.

A transfer student, accepted for admission, will be allowed credit without examination for liberal arts subjects taken at a college accredited by the North Central Association of Colleges and Secondary Schools or an accrediting body of similar rank. Transfer students are required to earn at least a C average at Denison to qualify for the bachelor's degree. Class standing is based on the number and quality of credits accepted, subject to revision after one semester in residence. Any of the requirements specified for graduation at Denison and not satisfactorily completed at the college previously attended must be taken during the first year in residence. A student admitted with advanced standing is expected to meet the entrance requirements and will be granted a degree only after the completion of all specified requirements for graduation and at least one year in residence.

A graduate of an accredited junior college will be classified as a junior on admission, and will be required to earn at least 64 semester-hours of credit (a normal program for two years) at Denison in fulfilling graduation requirements. The number of transfer students admitted is limited by the dormitory and classroom space available.

A transfer student who wishes to enter Denison as a junior may be provisionally accepted during his sophomore year when his record for three semesters of college work is available. A transfer student who wishes to enter Denison as a sophomore will not be accepted until his complete first year record is available.
COUNSELING PROGRAM

Denison's counseling program is set up to help the student make the best possible adjustment to college life. In the classroom faculty members and students share the learning process in a way possible only in a small college. Outside the classroom every student has access to a complete counseling service.

COUNSELING STAFF

The counseling staff includes the deans, the director of vocational services, the university physician, specialists in family life, religion, and psychology, selected faculty counselors, the department chairmen, dormitory head residents, and student advisers.

Freshmen and sophomores are assigned to selected counselors, and upperclassmen to department chairmen. The faculty members who counsel freshmen and sophomores are chosen primarily because of their interest in personnel work. They meet regularly with the deans in a program of coordination and carry reduced teaching loads in order that students may feel free to consult them.

In the dormitories, freshmen find the friendly guidance of junior advisers helpful. Junior advisers, selected on a competitive basis, inform the freshmen regarding many phases of college life. The head resident in each dormitory also counsels with the students. Both the head residents and the junior advisers meet regularly with the Dean of Men and the Dean of Women for guidance and to discuss problems as they arise.

ORIENTATION OF FRESHMEN

The orientation of freshmen, begun during the week preceding registration, is continued throughout the year by the student and his advisers. The faculty counselor helps a student plan an academic program consistent with the aims and obligations of a liberal arts education, and a program which is in keeping with the student's abilities, aptitudes, and aspirations. A student regularly evaluates his college experience with his counselor. Various aptitude, achievement, and vocational interest tests, as well as the services of specialists, are used as they may be needed.
VOCATIONAL SERVICES

A guidance center for information, counseling, and the placement of students and alumni is closely coordinated with the various departments of the college. Its program helps the student to evaluate his own interests and potentialities; to learn the method of obtaining employment; and to secure a position which is consistent with his abilities and interests. Each year vocational conferences give students opportunities to discuss with leaders in the various professional and business fields the nature of the work, the aptitudes and training necessary to achieve success, and the occupational rewards.

DENISON BUSINESS COUNCIL

In order to relate the classroom program more closely to vocational performance, Denison has invited a number of outstanding businesses to affiliate themselves with the university as members of the Denison Business Council. Similar affiliations with other groups are planned. The Denison Business Council makes available to the students the advice of personnel and employment officers of the several companies and gives opportunity for students to compete for summer employment with one of the companies; this employment may, on mutual satisfaction, lead to permanent employment following graduation.

TEACHER PLACEMENT

The Department of Education maintains a separate appointment service to assist graduates in seeking first teaching positions and in transferring to better positions upon evidence of successful experience.

COUNSELING OF VETERANS

Veterans' counseling at Denison is approved by the Veterans' Administration for training given under Public Law 346, known as the G.I. Bill of Rights, and for veterans who are being rehabilitated under Public Law 16. All matters pertaining to veterans are handled by the Dean of Men.
REGISTRATION AND CLASSIFICATION OF STUDENTS

Registration, the formal enrollment in the college, is an agreement on the part of the student to abide by all college regulations. The procedure includes (a) preparation of a detailed schedule of courses, (b) deposit of a copy of the class schedule with the Registrar, and (c) payment of the prescribed fees to the Bursar. Every student must complete his registration at the time scheduled. Failure to do so will be considered late registration, entailing payment of a special fee of $5. No student will be admitted to any class later than the second week of the semester.

During the orientation period a student entering Denison for the first time is aided by his counselor in making out the detailed schedule of courses to present to the Registrar.

NORMAL REGISTRATION is set at 15 semester-hours of credit. To register for 16 or 17 semester-hours a student must be in good scholastic standing. In addition, each student is expected to register for the appropriate requirements in Physical Education. (See Plan of Study.) The normal academic load enables a student to meet the graduation requirements within eight semesters. A student who pays regular tuition charges is permitted to audit, without additional cost, one course for which no credit may be claimed.

REDUCED REGISTRATION is recommended for a student who for any reason cannot carry a normal schedule satisfactorily. If reduced registration is advisable, a student may be required to carry a schedule of 12 to 14 hours of academic credit and be asked to devote an extra semester to fulfill the graduation requirements. Without special permission from the appropriate Dean of Students, 12 hours shall be minimum registration for any regular student.

EXCESS REGISTRATION may be permitted to a superior student upon petition to and approval by the Registration Committee. (The cost is $14 a semester-hour in excess of 17 semester-hours.)

PARTIAL REGISTRATION enables a student, with the permission of the Dean of the College, to take fewer than nine academic hours a semester. (The cost is $14 a semester-hour plus part-time incidental fee of $3.)
CHANGES IN REGISTRATION are not ordinarily permitted. If a change
is made, a fee of $1 will be charged, unless remitted by the Registrar
for satisfactory reason.

WITHDRAWAL FROM COURSES must be done by formal report to the
Registrar signed by the student's adviser. A student who withdraws
from a course without official permission will receive a grade of F
(failure) on his permanent record. If a student receives permission
to withdraw from a course before the end of the second week of
classes, no grade will be entered on his record; thereafter the grade
will be WP (withdrawn passing) if the student is doing passing
work, or WF (withdrawn failing) if he is not doing passing work
at the time of withdrawal. In calculating a student's grade-point
average the Registrar shall count as F all WF grades entered after
the end of the week in which the mid-semester grades are announced.

WITHDRAWAL FROM COLLEGE is official only upon written report to
the appropriate Dean of Students. This report must be signed by the
student's parents or guardian. To receive an honorable dismissal
a student who must leave before the close of the semester should con-
sult the Dean of Women or the Dean of Men.

The college may, whenever in its judgment such action is for the
best interest either of the student or of the student body, dismiss or
refuse to enroll any student.

A student, including veterans enrolled under Public Law 16 or
346 (G.I. Bill), withdrawing from college for any reason will be
charged 20 per cent of the tuition and incidental fee, for each week
enrolled, but the amount charged shall not exceed full tuition and
incidental fee. A proportionate refund will be made on board, but
no refund will be made on room rent. No courses are entered on the
permanent record of a student who withdraws from college during a
semester.

A student involuntarily entering military service shall be charged
for board and room for the time enrolled. No charge for tuition shall
be made unless credit for courses being taken is granted.

In the event of major illness or other emergency the student may
petition the Executive Council for special consideration.
CLASSIFICATION

The classification of students is determined by the amount of academic credit earned. The following requirements must be met:

FRESHMAN STANDING: A student is classed as a freshman unless he is deficient in more than one unit of preparatory work.

SOPHOMORE STANDING: A student must have 26 semester-hours of credit including required courses in English and in Physical Education. (Any entrance deficiencies must have been removed.)

JUNIOR STANDING: A student must have 60 semester-hours of credit.

SENIOR STANDING: A student must have 94 semester-hours of credit.

ELIGIBILITY to represent the college officially is limited to regularly registered, full-time students. In his first semester a freshman shall present at least 15 units of preparatory work, 12 of which are academic units. A student previously registered in Denison shall have passed 12 semester-hours of credit and earned at least 20 quality points in the preceding semester. Beginning September, 1951, a freshman is eligible for intercollegiate athletics.
THE PLAN OF STUDY

Denison offers a plan of study which gives a student the general knowledge desirable for intelligent living and the specialized knowledge needed for vocational achievement. This plan allows the student a wide range of choice under the guidance of faculty and administrative personnel. (See Counseling.) The degree earned may be Bachelor of Arts, Bachelor of Science, Bachelor of Music, or Bachelor of Science in Education.

DEGREE IN ARTS OR SCIENCE

Students who satisfy the following requirements will receive the degree of Bachelor of Arts, except that students who major in one of the natural sciences (Astronomy, Biological Sciences, Chemistry, Geography, Geology, Mathematics, Physics, or Psychology) may elect to receive the degree of Bachelor of Science. To obtain either of these degrees the student must satisfy the following conditions:

He must earn from 126 to 130 semester-hours of credit. This credit normally includes the Courses in General Education, the Field of Concentration, Physical Education, Chapel Attendance, and Electives.

His work must conform to certain scholastic requirements. These include a specified grade-point average in courses, the passing of a comprehensive examination in his field of concentration, and satis-
factory scores on the Graduate Record Examination. He must show proficiency in English.

Students who meet these requirements with outstanding records are eligible to become candidates for the degree of Bachelor of Arts with Honors or the degree of Bachelor of Science with Honors.

Detailed requirements in all of these areas are explained in the following sections:

SPECIFIED REQUIREMENTS

COURSES IN GENERAL EDUCATION must be completed by all students as described in detail on pages 49-54. For upperclass students transferring to Denison the core course requirements will be adjusted. In some instances courses they have previously taken will be accepted as the equivalent of the Denison requirements.

THE FIELD OF CONCENTRATION enables the student to specialize in a particular field of learning either in one department or in a field which involves study in two or more departments.

CANDIDATES FOR THE BACHELOR OF ARTS DEGREE may concentrate in any of the following fields: Art, Biological Sciences (Botany or Zoology), Business (see Economics), Chemistry, Citizenship (a transdepartmental major in the social studies), Classical Languages, Community Recreation (transdepartmental), Economics, English, Geography, Geology, Government, History, Mathematics, Modern Languages (French, German, or Spanish), Music (see also Bachelor of Music degree and Bachelor of Science in Education degree with major in Music Education), Philosophy, Personnel Administration (transdepartmental), Physics, Psychology, Religion, Sociology, Speech, and Theatre Arts.

CANDIDATES FOR THE BACHELOR OF SCIENCE DEGREE may concentrate in any of the following fields: Biological Sciences (Botany or Zoology), Chemistry, Geology, Mathematics, Physics, and Psychology.

The student who concentrates (or majors) in one department must successfully complete from 24 to 36 semester-hours of work (A, B, or C grades) in the department chosen. If the student earns credit in a given department in excess of 36 semester-hours, the excess must be in addition to his normal graduation requirement. Exceptions in certain departments permit the major to earn more than 36 credits. (See explanations under Departmental Courses).

For anyone who wishes to concentrate in a general field, rather than in one department, a minimum of 36 semester-hours (A, B, or C grades) shall be taken from two or three closely related departments, with not less than 15 semester-hours, ordinarily in sequence,
in one of these departments. (See also the Transdepartmental Majors.) A student who wishes to avail himself of the privilege of concentrating in a general area must make his choice not later than the beginning of the junior year. Ordinarily the choice of a major in a single department is also made not later than the beginning of the junior year.

The chairman of the department concerned shall be the adviser of all students whose field of concentration is within one department. An appropriate faculty representative who will outline a suitable sequence of courses will be appointed for each student whose field of concentration crosses departmental lines. Such appointments will be made by the Dean of the College in consultation with the chairman of the departments concerned.

Each student is urged to make definite choice of a major field of concentration before entering the junior year. If a student decides to change his major during his junior year, he may be required to take an extra semester to meet graduation requirements. Any student who changes his major during his senior year will ordinarily be required to take at least one extra semester to meet graduation requirements.

PHYSICAL EDUCATION credit is required as follows: (a) for women: one credit each semester in the freshman and sophomore years (see pages 96-98; (b) for men: one credit each semester in the freshman year and, unless waived for proficiency, in the sophomore and junior years (see pages 93-96). A student who is excused for reasons of health must earn an equivalent amount of credit in other courses.

CHAPEL ATTENDANCE is recognized at the rate of one-half credit for each semester providing the record shows the student has been present for 75 per cent of the chapel programs. Students are expected to attend the chapel services. Anyone who fails to meet this requirement in any semester while enrolled at Denison must earn an equivalent amount of credit in elective courses.

ELECTIVE COURSES of study may complete the total number of semester-hours of credit to satisfy the graduation requirements. Both the student and his adviser shall strive constantly to choose the courses that will tend to develop a well-rounded and balanced personality. Lack of acquaintance with a subject or a field constitutes a strong reason for undertaking its study.

SCHOLASTIC REQUIREMENTS

PROFICIENCY IN ENGLISH is required for graduation. A student shown to be deficient in English composition (either by a grade lower than C in Core Course 10 a or in performance as reported by two or
more members of the faculty) shall be referred to the Committee on English Usage and be notified that before graduation he must satisfy the committee that he has met the required standard.

THE GRADE-POINT SYSTEM in force at Denison follows:

- **A** *(Excellent)* yields 4 points for each semester-hour of credit.
- **B** *(Good)* yields 3 points for each semester-hour of credit.
- **C** *(Fair)* yields 2 points for each semester-hour of credit.
- **D** *(Passing)* yields 1 point for each semester-hour of credit.
- **F** *(Failure)* indicates that no credit can be allowed for the course unless it has been repeated in class and completed satisfactorily.

**I** *(Incomplete)* means that the student has been allowed an extension of time, in no case later than the middle of the next semester in residence, in which to complete his course. This notation is entered only upon recommendation of the instructor with the approval of the Dean of the College. An *Incomplete* may be changed to one of the five grades listed above when reported by the instructor.

**WP** *(Withdrawn Passing)* or **WF** *(Withdrawn Failing)* will be entered when a student officially withdraws from a class. Neither is counted in computing a student's grade-point average except that **WF** counts as **F** under certain conditions. *(See Registration.)*

For graduation, a student must present **120 semester-hours of credit** *(plus a half-hour of credit, ordinarily earned in chapel attendance, for each semester he is enrolled at Denison, and the required credit in physical education.)* This normally totals 126 to 130 semester-hours of credit. At Denison his *cumulative grade-average must be at least C*. This means that the student's entire cumulative record including courses passed, failed, repeated, or left incomplete, must show an average of at least two quality-points for each semester-hour of credit undertaken.

If his cumulative grade-average, as defined above, falls below **C** at the end of any semester, a student is placed on probation. However, he may enroll the following semester for a limited schedule as determined by the student's adviser with the approval of the Registration Committee. Unless he makes at least a **C** average during the semester of his probation, a student must withdraw from college and, even though he makes a **C** average during this semester, a student will remain on probation until his cumulative grade-point average is again at least **C**.

After the lapse of at least one semester, a student dropped for low scholastic standing may present to the Registration Committee a
petition for re-admission. Favorable action by the committee can be expected only when the student presents evidence of having improved his scholastic standing during his absence.

THE GRADUATE RECORD EXAMINATION, as part of the series of nationally used achievement tests in General Education, is required of every student in both the sophomore and the senior year. The test scores, which are interpreted to the student, give valuable information as to his standing with reference to students in several hundred colleges and universities throughout the country, and in comparison with his Denison classmates. They indicate the relative strength of his preparation, interests, and ability in the several areas of the curriculum. In this respect they are significant guides in a student's choice of major subject and subsequent career. The scores in the senior year are required for admission to most graduate and professional schools, and are increasingly requested by industrial and commercial firms considering students for employment.

A student whose scores on the Graduate Record Examination fall in the lower percentiles may expect his total record at Denison to be carefully considered. If serious general weakness is apparent, a sophomore may be denied junior standing in the subsequent year, a senior may be denied graduation.

Any student who fails to appear for the Graduate Record Examination, unless excused by reason of illness or other emergency, will be required to pay the fee and take the examination at another center. Failure to take the examination will result in a loss of credit for the semester in which the examination is offered.

THE COMPREHENSIVE EXAMINATION is used to measure the ability of a student to correlate his knowledge effectively. Toward the end of his senior year, the student shall take an examination covering his field of concentration to discover what he can do with the facts and principles he has acquired, and to test his ability to use this knowledge in new situations. At the discretion of the department or departments concerned, a part of the comprehensive examination may take the form of a recital, thesis, or project. The comprehensive examination must be passed in its entirety if the student is to be graduated.

The comprehensive examination will be arranged by the student's adviser in cooperation with the other members of the department. The comprehensive examinations of transdepartmental majors will be arranged by the student's adviser and such members of the departments involved as the Dean of the College in cooperation with the department chairmen shall designate.

COMBINED ARTS-PROFESSIONAL COURSES enable the Denison student to obtain a degree in absentia if he has good reason to shorten the
normal time required for a professional degree. Under certain conditions Denison awards the bachelor's degree upon the successful completion of the first year in a recognized school of engineering, law, or medicine. To qualify for this privilege a student must successfully complete all the specified requirements for graduation at Denison with a total credit of 96 semester-hours at the graduating rate of at least two points for each hour. He must also successfully complete all the specified requirements for admission to a school of engineering, law, or medicine acceptable to the Denison faculty.

On the basis of three years of work at Denison and two years at an approved college of engineering, the successful candidate will receive a bachelor's degree from Denison and a degree in engineering. Similarly, a student interested in law may earn a bachelor's degree from Denison and a degree in law in six years; in medicine in seven years.

A student should recognize, however, that under present conditions of admission to professional schools, particularly medical schools, a candidate who has earned a bachelor's degree has a decided advantage and that admission after only three years of undergraduate study is granted only to applicants of outstanding record.

ENGINEERING

In order to facilitate the combination of liberal arts and engineering education and to give students planning careers in engineering an opportunity to secure a broad basis for their specialized courses and thereby enhance their worth as engineers and as citizens, Rensselaer Polytechnic Institute and Carnegie Institute of Technology have both entered into a combined arrangement with Denison for a five-year course. The first three years are spent at Denison and the last two at the College of Engineering in accordance with the provisions described in the preceding paragraph. Upon successful completion of the combined program, the student will hold both a Bachelor of Science degree from Denison and a Bachelor of Engineering degree from Rensselaer or from Carnegie Tech.

A SECONDARY SCHOOL TEACHING CERTIFICATE is issued to any qualified student providing he meets the requirements for a degree including at least 15 semester-hours of credit in three teaching areas and the professional course requirements of the Department of Education of the State in which he plans to teach. In Ohio this requirement is 17 hours in Education and Introductory Psychology. For certification in special areas, such as Music, Physical Education, and Art, the student is advised to consult the chairman of the department concerned and the chairman of the department of Education. (See Bachelor of Science in Education below.)
BACHELOR OF SCIENCE IN EDUCATION

Students who satisfy certain requirements will receive the degree of Bachelor of Science in Education.

The field of concentration shall be Education, Music Education, or Physical Education.

The student who majors in Education shall normally meet the same requirements as stated above for students who major in other departments. (See under Degree in Arts or Science.) He shall complete from 27 to 36 semester hours of credit in Education with A, B, or C grades.

The student who majors in Music Education or in Physical Education shall meet these requirements, except that more credits are required in the field of concentration and the requirements in general education are reduced. (See Degrees in Music below or Degree Requirements in Physical Education, pages 93-98).

DEGREES IN MUSIC

BACHELOR OF MUSIC

The regular undergraduate plan of study extending through four academic years leads to the Bachelor of Music degree if the student satisfies the following requirements:

SPECIFIED REQUIREMENTS include English and Physical Education (see page 40).

FIELD OF CONCENTRATION requires 30 semester-hours of credit of all students in Fundamental Musicianship, Harmony, Advanced Musicianship, History of Music, and Form and Analysis. (See pages 89-91).

MAJOR IN APPLIED MUSIC requires (in addition to English, Physical Education, and the 30 semester-hours in the Field of Concentration), the following:

1. Ten semester-hours of Counterpoint, Composition, or additional music courses.

2. Forty-eight hours in Applied Music. (See Music Curriculum.)

3. Electives in other academic subjects of 26 hours to complete the required total of 126-130 semester-hours. (See Chapel Attendance.)

Core course requirements are waived because of the greater concentration in music; however, the student is advised to distribute his electives among the general education courses. (See page 49).
BACHELOR OF ARTS WITH MUSIC MAJOR

REQUIRED COURSES for a Bachelor of Arts degree with a Music major include Music 111-112, 121-122, 201, 202, 211-212, 221-222, 311-312, and 10 semester-hours in Applied Music. A student may complete the requirements for the degree from other academic departments.

A student planning to teach in the public schools is required to take Music 304 and may include Instrumental class instruction in the subject he plans to teach. Courses in Education and in Methods are considered academic subjects in computing total semester-hours of credit.

BACHELOR OF SCIENCE IN EDUCATION
(MUSIC EDUCATION)

The regular undergraduate plan in preparation for public school music teaching extends through the four academic years and leads to the degree of Bachelor of Science in Education (Music Education) if the student satisfies the following requirements:

SPECIFIED REQUIREMENTS include

A. MUSIC AND MUSIC EDUCATION (71 hours)
   1. Music Education Methods, 9 hours (Education 315, 316, 409, 410)
   2. Instrument and Voice Classes, 6 hours (Music 14A, 14B, 15A, 15B, 16A, 16B)
   3. Music Courses, 12 hours (Music 201-202; 304, 305, 306)
   4. Music Theory, 24 hours (Music 111-112; 211-212; 121-122; 221-222; 311-312)
   5. Applied Music, 16 hours (two hours each semester throughout the four years)
   6. Music Ensembles, 4 hours (Music 103, 104, 203, 204)

B. EDUCATION (15 hours)
   (Education 211, 321, 412, 415-416)

C. LIBERAL ARTS AND ELECTIVES (33 hours)
   1. Required Courses, 9 hours (English 11-12; Psychology 211)
2. Suggested Courses, 6 hours (History 221-222, or Government 211 and History 221 or 222)

3. Electives, 18 hours

D. PHYSICAL EDUCATION (4 hours)

E. CHAPEL (4 hours)

DIPLOMA IN PERFORMANCE

A DIPLOMA IN APPLIED MUSIC is granted to the student who fulfills the requirements as outlined for a degree in music and upon recommendation of the Conservatory of Music faculty presents a public recital in his senior year.

PRIVILEGES OPEN TO SUPERIOR STUDENTS

A superior student is urged to make the most of the opportunities which Denison offers. A superior student is defined as one whose record during the three semesters preceding his application for Directed Study or Individual Work for Honors shows at least a 3.0 grade-point average with at least 3.4 in the Field of Concentration. In addition, on the Graduate Record Examination taken in the sophomore year, a superior student must have ranked in the upper quartile of his class on the objective test in his field of interest. The chairman of a department is privileged to recommend for Directed Study or Individual Work for Honors a student who has not met these requirements.

DIRECTED STUDY in the junior year is open in most fields of concentration to superior students. In order to engage in directed study, a student must apply to his instructor for permission to pursue a subject of particular interest not already treated extensively in a regular course. On written approval of the instructor and the Dean of the College the student may register for from three to six hours of credit.

GRADUATION WITH HONORS is available to any senior who fulfills certain requirements. When recommended by his academic adviser and approved by the Curriculum Committee the student may investigate a selected topic of particular interest in his field of concentration. If his work is of high quality, he will be granted six credits. Application for graduation with honors should be made to the Dean of the College.
WASHINGTON SEMESTER PLAN is a means of introducing superior students from a limited number of colleges to the source materials and governmental institutions. An agreement for this purpose now exists between Denison and the American University in Washington, D.C. Under this plan select students from Denison spend the first semester of their junior year (or other semester by special arrangement) at the School of Social Sciences and Public Affairs of the American University, receiving credit toward a degree from Denison.

This study includes three regular courses at the School of Social Sciences and Public Affairs of the American University, a seminar, and a directed, independent investigation on a subject of particular interest to the student. Under inter-institutional contract those participating in this plan continue to pay their tuition and room rent at Denison. While in Washington they meet their expenses for travel, meals, and incidentals directly. Application for the Washington Semester should be made to the Dean of the College.

MERRILL-PALMER SCHOOL, Detroit, Michigan, offers an opportunity for a limited number of superior Denison students interested in work with young children to take the first semester of the senior year in residence there. Application should be made to the chairman of the department in which the student is majoring or to the Dean of the College.
LIFE SCIENCE BUILDING

COURSES OF STUDY

Denison expects a student to achieve the specialization needed for success in his chosen vocation, and to acquire the general knowledge common to all well-educated persons. To these ends, a student is required to concentrate in one or more fields of learning (the more specialized courses are described below under the department in which they are offered) and to comply with the following course requirements in general education:

COURSES IN GENERAL EDUCATION

Every well-educated person needs certain skills and an understanding of the ideas, principles, and methods which are commonly used in the chief areas of modern knowledge. In recognition of this fact, many colleges in recent years have instituted a program of general education. These courses are often referred to as Core Courses because they represent the common core of the curriculum which is required of every student regardless of his field of specialization. They are required in order that he may more intelligently assume his responsibilities as a citizen.

A number of the following Courses in General Education continue, with slight modification, courses which have long been offered in every college of liberal arts. Others cross traditional departmental lines to investigate broad areas of knowledge. All of them are designed to contribute to an understanding and appreciation of
life. They aim to provide the student with the skills, understanding, and sense of values necessary for intelligent living.

When a student demonstrates by examination that he is proficient in the subject matter of any of the courses in general education, he will be excused by the course director from taking that course.

A student majoring in any of the fields included in the core courses in general education may, at the discretion of his department chairman, substitute certain introductory courses in related fields. Exceptions are indicated in the course descriptions below.

In a core course which extends through two semesters, the student is expected to earn credit in the normal sequence. Credit for the first semester will be withheld until the second semester is satisfactorily completed.

Hyphenated courses are year courses; credit indicates amount to be earned each semester.

HEALTH AND PHYSICAL EDUCATION

HEALTH EDUCATION 1-2

Personal and community hygiene integrated with Physical Education 111-112. (To be taken in the freshman year.)

COMPOSITION

INTRODUCTION TO COMPOSITION AND LITERATURE 11-12 Miss Shannon, Director; Staff.

This course offers a review of the principles of rhetoric and the standards of usage; training in the organization of ideas and in methods of research; practice in various kinds of writing; and analytical reading of the major types of literature, ancient and modern. (To be taken in the freshman year, both semesters.)

ORAL COMPOSITION 10 b or 10 c or 10 d Each 3

In this division, a student may choose one of the three courses. Any student with a serious speech defect requiring special treatment will be given an added hour of remedial work each week to be taken concurrently with the three-hour course. As an alternative he may choose to earn credit in a course in corrective speech prior to enrollment in oral composition. (To be taken in the freshman, sophomore, or junior year, either semester.)
10 b (ELEMENTS OF SPEECH) Mr. Crocker, Acting Director. 3
Introduction to the fields of speech activity: interpretation, debating, public speaking, acting. Students will be expected to allow 15 minutes a week for personal conference.

10 c (ORAL READING) Mr. Crocker, Acting Director. 3
A course designed to aid in the development of adequate intellectual and emotional response to the meaning of the printed page. Not open for credit to students receiving credit in 10 d.

10 d (DRAMATIC INTERPRETATION) Mr. Wright, Acting Director; Staff. 3
Intensive work on voice and diction; dramatic interpretation of the best literature in essays, narratives (stories and dialects), dramas, and poetry. Not open for credit to students receiving credit in 10 c.

HISTORY OF CIVILIZATION
HISTORY OF CIVILIZATION 21-22 Mr. Southgate, Director; Staff. 4
An investigation of the origins and development of Western culture and institutions. (To be taken in the freshman or sophomore year.)

FORMS OF FINE ARTS
FORMS OF FINE ARTS 31, 32, 33
Mr. Eschman, Director; Mr. H. King, Mr. Wright. Each 2
In this division, a student may choose two of the three courses. (To be taken in the freshman, sophomore, or junior year, either semester.)

31 (Forms of Art) Mr. H. King. 2
32 (Forms of Music) Mr. Eschman. 2
(Music 205-206, Appreciation of Music, 2 hours both semesters, may be substituted for this course.)
33 (Forms of Theatre Arts) Mr. Wright. 2

FORMS OF THINKING
MATHEMATICS 40 a Mr. Rupp, Director; Staff. 4
A course in which basic concepts in algebra, trigonometry, analytic geometry, and the calculus are introduced. Students who excel
in mathematics and those who plan to major in this subject, or in a field related to it, should substitute for this course the five-credit course, Mathematics 121. (To be taken in the freshman or sophomore year, either semester.)

or

**REFLECTIVE THINKING 40 b**  
Mr. Hepp, Director. 4

The principles and problems of clear and accurate thought, including analysis of meaning, logical structure, and factual inquiry, with emphasis on scientific thinking. (To be taken in the freshman or sophomore year, either semester.)

(The student who completes courses 51-52 and 53-54 is not required to take either course 40 a or 40 b.)

---

**PRINCIPLES OF SCIENCE**

**PRINCIPLES OF ORGANIC BEHAVIOR 51-52**  
Mr. Archibald, Director. 4

A course involving laboratory experience and demonstrations of the chief principles of organic development and behavior, sub-human and human, with emphasis upon scientific method and effective living. (To be taken in either the freshman or sophomore year.) Five lecture-laboratory sessions each week.

Students may elect in lieu of this course, a year course including laboratory in astronomy, botany, chemistry, geology, physics, or zoology, and at least a semester of work (three hours or more) in another science (total nine to 14 hours).

or

**PRINCIPLES OF PHYSICAL SCIENCE 53-54**  
Mr. Collins, Director. 4

A course involving laboratory experience and demonstrations in mathematics, physics, astronomy, geology, and chemistry. Students who expect to major in a physical science may, by arrangement with the director of the course and the department chairman concerned, take this course for reduced credit. These students must, however, pass the examination on the entire course. Three lectures and one laboratory session each week. (To be taken in either freshman or sophomore year.)

Students may elect in lieu of this course, a year course including laboratory in astronomy, botany, chemistry, geology, physics, or zoology, and at least a semester of work (three hours or more) in another science (total nine to 14 hours).
COURSES OF STUDY

LANGUAGE AND LITERATURE

LANGUAGE AND LITERATURE 6-14

To complete this requirement a student may elect courses for which he is qualified in either foreign language or literature in English. (To be taken in any year.)

FOREIGN LANGUAGE. A student who takes this option must demonstrate before graduation an ability to read one of the following: French, German, Greek, Italian, Latin, Portuguese, or Spanish. The ability to read a foreign language is defined as the ability to pronounce intelligibly and to translate several passages of moderately difficult prose into good English at sight. This degree of proficiency will ordinarily be acquired by a student who has had three or four years of one language in a secondary school or two years in college. All students with language training are encouraged to take a test for proficiency. Achievement tests are regularly given at the opening of college in the fall and at the end of each semester. A student who has studied a foreign language for two years in secondary school or in the freshman college year may satisfy the requirement by taking a six-credit second-year course and passing the course examination.

LITERATURE IN ENGLISH. A student who elects to meet this requirement must enroll in English Literature 211-212 or American Literature 231-232 for six credits each, and three additional hours of English or American literature or a foreign literature course studied in English translation. A student who shows proficiency in the subject matter of the courses in English or American literature by passing an examination administered by the Department of English may thus satisfy this requirement.

MODERN SOCIAL AND ECONOMIC PRINCIPLES

MODERN SOCIAL AND ECONOMIC PRINCIPLES 71-72 Mr. Duffy, Director. 3

A study of the principles of modern economics and sociology; of their relationship to other fields of study. The course includes a workshop investigation and analysis of contemporary cultural, political, social, and economic issues, with an introduction to scientific method in the field of human relations. (To be taken in the sophomore or junior year, both semesters.)

Students may elect in lieu of this course, Economics 207 (Principles and Problems of Economics) three hours, and Sociology 207 (Foundations of Social Life) four hours (total seven hours).
BASIC PHILOSOPHIC AND RELIGIOUS IDEAS

BASIC PHILOSOPHIC AND RELIGIOUS IDEAS 81-82

Mr. Holloway, Director. 2

A study of basic ideas and ideals in contemporary civilization, with emphasis on our cultural heritage and the necessity for an adequate philosophy of life. (To be taken in either the junior or senior year, both semesters, with all other core course requirements as prerequisites.)

SUMMARY OF CORE COURSE REQUIREMENTS

Freshman Year

11-12 Introduction to Composition and Literature

Freshman or Sophomore Year

21-22 History of Civilization

Choices:

40 a Mathematics or 40 b Reflective Thinking
51-52 Principles of Organic Behavior or 53-54 Principles of Physical Science; or a year of an introductory course in science including laboratory, and a semester of another science

Freshman, Sophomore, or Junior Year (either semester)

Forms of Fine Arts—Choice of two:

31 Art; 32 Music; 33 Theatre Arts

Oral Composition

Choices:

10 b Elements of Speech; or 10 c Oral Reading; or
10 d Dramatic Interpretation

Sophomore or Junior Year

71-72 Modern Social and Economic Principles or Economics 207 and Sociology 207

Junior or Senior Year

81-82 Basic Philosophic and Religious Ideas
In Any Year

6 to 14 hours of Foreign Language (the number of hours depending on previous preparation)

or

Sophomore, Junior, or Senior Year

211-212 English Literature or 231-232 American Literature and three additional hours of Literature in the English language, including advanced courses in English or Greek Drama or Greek or Latin Literature.

DEPARTMENTAL COURSES

COURSE NUMBERS. Departments of instruction are presented in alphabetical order. Courses offered are listed with the descriptive title and semester-hours of credit. Courses numbered 100-199 are intended primarily for freshmen; 200-299, for sophomores; 300-399, for juniors; and 400-499, for seniors. Odd-numbered courses are given in the first semester and the even-numbered ones in the second semester unless otherwise indicated. Hyphenated courses are year courses; credit indicates amount to be earned each semester.

COURSES OFFERED. The University plans to offer the courses listed below but reserves the right in any year to withdraw those of interest to only a few students.

KINDS OF MAJORS. Some courses involve a study of subjects relating to more than one department. These are listed below as transdepartmental courses. Transdepartmental majors are also offered and differ from Departmental majors in that the field of concentration involves courses from more than one department. Transdepartmental majors described below require the study of related subjects in several departments. Arrangements for additional transdepartmental majors may be made with the Dean of the College. Requirements for a major in a single department are stated under each department in the following pages.

TRANSDEPARTMENTAL MAJORS

MAJOR IN THE AREA STUDIES: THE AMERICAS, FRANCE or GERMANY

The major in one of the above areas is offered to any qualified student. It coordinates courses dealing with foreign countries, re-
regions, and civilizations in various departments of the university. The subjects taken by the area major are chosen from Modern Languages, Geography, History, Government, Economics, Philosophy, Sociology, and English. The major provides the background necessary for students who are planning to enter foreign service, business enterprises dealing with foreign countries, teaching, journalism, international relations work or related activities. Students interested in any of the area study programs should see Mr. Secor who will assign the student his adviser for the area study.

MAJOR IN CITIZENSHIP. The major in Citizenship is designed to give a student an understanding of the social studies basic for intelligent citizenship, or for graduate work in applied social science, or for the study of theology. Approximately 50 semester-hours in a sequence of related courses in the social studies are required in one of two sequences:

Sequence I is a social studies major designed to give the student a basic knowledge of human relationships as a background for graduate study in preparation for the ministry, or in a school of social work. (Adviser: Mr. Duffy.)

Sequence II is a social studies major designed to prepare the student for family life and community leadership, or for graduate study in a school of social work. (Adviser: Mrs. Vreeland.)

Both sequences involve courses in the Departments of Economics, Government, History, Philosophy, Psychology, and Sociology, and the transdepartmental course in Critical Issues Facing American Democracy. The second sequence also includes courses in Family Life.

MAJOR IN COMMUNITY RECREATION. The study areas in this major in Community Recreation are designed to prepare a student for intelligent participation as a citizen in the field of community recreation; for leadership in organization, administration, and program services; and for further professional training in graduate study. Approximately 50 semester-hours are required in departmental course sequences in Physical Education, Psychology, and Sociology. (Adviser: Miss Shepard.)

MAJOR IN PERSONNEL ADMINISTRATION. The major in Personnel Administration is designed to provide training in personnel management methods in business and industry. The course sequence consists of Personnel and Industrial Psychology, group discussion conferences with personnel experts, and field studies in personnel departments of various cooperating organizations. Related studies include courses offered in the Departments of Psychology, Economics, Mathematics, Sociology, and Speech. (Adviser: Mr. Lichtenstein.)
TRANSDEPARTMENTAL COURSES

BIOGRAPHY 201  Mr. L. R. Dean  3
The study of a select list of great personalities representing different periods, countries, and careers.

CRITICAL ISSUES FACING AMERICAN DEMOCRACY 300  Mr. Lollimer and Staff.  1
A study of some of the issues which must be resolved if America is to maintain and develop her democratic heritage. Lectures and discussions by professors of Economics, Government, History, Philosophy, Sociology, and Religion. Open to juniors and seniors.

ART
Mr. Horace King, Chairman; Miss Lee, Mr. Ward

The courses are arranged in sequences to meet the needs of students interested in studio work and those desirous of specializing in non-studio courses, such as art criticism and history of art.

MAJOR IN ART

An Art major who expects to begin preparation for the professional fields of design, painting, advertising art, industrial design, architecture, teaching and museum work, should begin with the elementary courses 101 and 111-112, then confer with the staff for a proper sequence of courses in advanced study.

Requirements for all Art majors includes 101, 111-112, 113-114, 205-206, and 211-212 or a choice of either 213-214 or 215-216.

Core Course 31-32-33 serves as an introduction to art appreciation but does not count toward a major in Art.

101-102. ART THEORY  Mr. King, Miss Lee.  1
General course in art structure and terminology designed to acquaint the student with professional opportunities in Art and to integrate the several courses. To be taken with 111-112 and 113-114.

103-104. ELEMENTS OF ART  Mr. King, Mr. Ward.  2
Studio course for those wishing some experience in practice but not choosing to major in Art.

106. ART CRITICISM  Mr. King.  2
Brief survey of criticism followed by practical problems in writing critical analyses of selected art forms.
111-112. DRAWING
Miss Lee. 2
Studio course in freehand drawing; still life, figure, and landscape. To be taken with 101-102 and 113-114.

113-114. DESIGN
Miss Lee. 2
Studio course in theory and application of design with practice in black and white and color, using line, plane, and volume as design problems. May be taken with 101-102 and 111-112.

121. FIELD TRIP
Mr. King and Staff. 2
Spring vacation field trip to metropolitan museums, galleries, and other art centers, preceded by study of collections and followed by written reports. Consent of instructor.

150. HOMEPLANNING
Mr. King. 2
Illustrated lectures covering problems of planning and equipping the home.

205-206. HISTORY OF ART
Staff. 3
General survey of the Arts of the Western World. Primitive, Ancient, and Medieval (first semester); Renaissance, Baroque, and Modern (second semester).

211-212. ADVANCED ART PROBLEMS
Mr. King. 2
Studio practice in advanced perspective, construction drawing, and form problems in three dimensions. Prerequisite: 111-112.

213-214. WATER COLOR PAINTING
Miss Lee. 2
Prerequisites: 112 and 114.

215-216. OIL PAINTING
Mr. Ward. 2
Prerequisites: 112 and 114.

221-222. TECHNICAL PROBLEMS
Mr. King, Miss Lee. 2
Choice of an individual problem from the following: Sculpture, industrial design, painting, photography, and commercial art (first semester). Continuation of the study or selection of another problem (second semester). Prerequisites: 112 and 114.

305. HISTORY OF CLASSIC ART
Mr. Dean. 3
Prerequisite: 205 or consent of instructor.

306. HISTORY OF MEDIEVAL ART
Mr. Dean. 3
Prerequisite: 205 or consent of instructor.

313-314. INTERMEDIATE WATER COLOR
Miss Lee. 2
Prerequisite: 214.

315-316. INTERMEDIATE OIL PAINTING
Mr. Ward. 2
Prerequisite: 216.
321-322. INTERMEDIATE TECHNICAL PROBLEMS  Mr. King, Miss Lee.  2  
Prerequisite: 222.

361-362. DIRECTED STUDY IN ART  Staff.  3

405. RENAISSANCE ART  Mr. Dean.  3  
Prerequisite: 206 or consent of instructor.

407-408. MODERN ART HISTORY  Miss Lee.  2  
19th Century background: Classicism and Romanticism in architecture, sculpture, and painting; Idealism, Objective and Romantic Realism, and Impressionism in painting, (first semester). 20th Century, beginning with Post-Impressionism in painting, continuing with the study of other schools in painting and sculpture plus the foundations of contemporary architecture (second semester). Offered as a year course but credit may be earned for either semester. Prerequisite: 206 or consent of instructor.

413-414. ADVANCED WATER COLOR  Miss Lee.  2  
Prerequisite: 314.

415-416. ADVANCED OIL PAINTING  Mr. Ward.  2  
Prerequisite: 316.

421-422. ADVANCED TECHNICAL PROBLEMS  Mr. King, Miss Lee.  2  
Prerequisite: 322.

425-426. ART IN AMERICA  Mr. King.  2  
A study of American art from Colonial times to the present with particular emphasis upon America's 20th Century contribution to world art. Prerequisite: 206 or consent of instructor.

461-462. INDIVIDUAL WORK FOR HONORS  Staff.  3  

THE TEACHING OF PUBLIC SCHOOL ART (See Education 341.)

ASTRONOMY

Mr. Smith, Acting Chairman; Mr. Wheeler

Astronomy 111 and 112 are intended primarily for those who desire an elementary acquaintance with the physical universe. Those who wish a 4-hour laboratory course may elect 113 and 114 in combination with 111 and 112.

MAJOR IN ASTRONOMY

Requirements for a major in Astronomy are 24 semester-hours of credit in the courses in Astronomy in addition to The Calculus and
Physics 111, 112, 211, 212, and six hours chosen from 311, 312, 313, 314, 333, 334, and 344.

111. DESCRIPTIVE ASTRONOMY
Mr. Wheeler. 3
Celestial sphere: coordinate systems and constellation study; the solar system—motions of the earth and moon; latitude, longitude, and time; planets, comets, and meteors. 113 is recommended as an accompanying course. No previous training in Physics or College Mathematics is required.

112. DESCRIPTIVE ASTRONOMY
Mr. Wheeler. 3
The Galactic System—the sun as a star; distances, motions, luminosities, types and classes of stars, and their spectra; extragalactic systems. Prerequisite: 111 or consent of instructor.

113. LABORATORY ASTRONOMY
Mr. Wheeler. 1
Devoted principally to problems intended to clarify the lecture material of Astronomy 111. May be taken only in combination with 111. (Evening to be arranged.)

114. LABORATORY ASTRONOMY
Mr. Wheeler. 1
Continuation of 113, paralleling 112. (Evening to be arranged.)

211-212. GENERAL ASTRONOMY
Mr. Wheeler. 3
A secondary comprehensive course for majors in Astronomy and related sciences. Prerequisite: 111, 112, or consent of instructor.

215. STELLAR ASTRONOMY
Prerequisite: 111, 112, and consent of instructor.

218. THEORY AND PRACTICE OF OBSERVATION
Prerequisite: 113, 114, and consent of instructor.

221-222. SEMINAR
Consent of instructor.

411. CELESTIAL MECHANICS
Prerequisite: The Calculus.

414. ASTROPHYSICS
Consent of instructor.

BIOLOGICAL SCIENCES
Mr. Lindsey, Chairman; Mr. Morgan, Mr. Truman

Courses 111-112, 115-116, 201-202, and 225-226 offer subject matter of general interest. While 111-112 meets the minimum entrance requirement of medical schools, 211, 212, and 224 are recommended
or required by some. Medical schools require a medical admission test in the student's final undergraduate year, for which the fee of $10 is payable to the testing organization. Core Course 51-52 is accepted as a prerequisite for advanced courses in place of 111-112.

MAJOR IN BIOLOGY

A major must include 111-112 or an acceptable equivalent, with advanced courses related to the student's principal interest. The sequence is arranged in consultation with the staff member with whom the student chooses to do his advanced work, or with the chairman of the department. A major for premedical students usually includes 111-112, 211-212, and 223-224.

111-112. INTRODUCTORY BIOLOGY

General biological principles and animal life, with a limited amount of plant study.

113-114. FIELD BIOLOGY

Local plants and animals based chiefly on the material collected by the student.

115-116. GENERAL BOTANY

A consideration of fundamental biological principles as expressed in the structure and activities of plants, including reproduction and inheritance, identification of common trees and weeds, and a survey of the great plant groups.

120. LOCAL FLORA

Taxonomic study of the plants of the region including the spring flowering species and the common trees in winter and summer condition.

201-202. ANATOMY AND PHYSIOLOGY

The normal structure and functions of the human body.

211. COMPARATIVE ANATOMY

A study of the phylum Chordata based chiefly on anatomical relations with brief consideration of classification and habits. Laboratory work is chiefly detailed dissection and comparative study of the primitive chordates, the shark, Necturus, and the cat. Prerequisite: 111-112.

212. MAMMALIAN ANATOMY

Anatomy of mammals based on the cat, with human material for comparison. This course usually follows 211 but may be taken separately. Prerequisite: 111-112.
215. **BACTERIOLOGY**  Mr. Truman.  5  Introductory course emphasizing the practical work of the laboratory in culturing and identifying micro-organisms. Prerequisite: 111-112, 115-116, or chemistry major.

216. **DETERMINATIVE BACTERIOLOGY**  Mr. Truman.  2-3  Laboratory practice in the preparation of special bacteriological media, stains and reagents and their use in the identification of unknowns. Prerequisite: 215 and consent of instructor.

218. **PLANT MORPHOLOGY**  Mr. Truman.  4  Comparative study of the structure and life cycles of the major plant groups with reference to their evolutionary relationships.

221-222. **PARASITOLOGY**  4  A study of the common parasites of animals with special emphasis on those affecting man. Prerequisite: 111-112.

223. **HISTOLOGY**  Mr. Lindsey.  5  The minute anatomy of vertebrates, chiefly mammals, including the making of microscopic preparations. Prerequisite: 111-112.

224. **EMBRYOLOGY**  Mr. Lindsey.  5  The development of the vertebrate body, based on the study of the frog, chick, and pig. Usually follows 223 but may be taken separately. Prerequisite: 111-112.

225-226. **EVOLUTION AND GENETICS**  Mr. Lindsey.  2  The relation of living things, including the origin of existing organisms, theories of organic evolution, and the processes of heredity. Credit is withheld unless both semesters are completed. Upperclassmen with high scholastic standing are admitted without prerequisite on approval of the instructor. Prerequisite: 111-112.

227-228. **ENTOMOLOGY**  3  Introductory study of insects. Offered only by special arrangement.

232. **PLANT PHYSIOLOGY**  Mr. Truman.  3-4  A lecture, laboratory, and greenhouse study of the functional relationships of the plant body in which absorption and transfer of materials, photosynthesis, respiration, and transpiration are treated with special attention to the problems of plant growth, development, and propagation. Prerequisite: 115.

461-462. **INDIVIDUAL WORK FOR HONORS**  Staff.  3
CHEMISTRY

Mr. Ronneberg, Chairman; Mr. Everhart, Mr. Traynham, Mr. Fetters

MAJOR IN CHEMISTRY

Courses in Chemistry provide a general cultural background, preparation for entering chemical industry or for graduate study in pure chemistry or chemical engineering; and basic preparation for professional work in certain scientific fields of medicine, dentistry, physics, and engineering, and as laboratory technicians.

Students may graduate with a B.A. degree on fulfillment of graduation requirements and completion of the following courses: 111-112, 213, 214, 323-324; Physics 112, 114 or 212; and Mathematics 116 or 122. Courses 111-112 and 323-324 meet the entrance requirements of medical schools as a minimum, while 213 and 214 are considered highly desirable and are required by many medical schools.

A deposit of $5 for breakage and non-returnable supplies is required except for 317-318, 413-414, and 460.

The department is among those accredited by the American Chemical Society with respect to facilities, faculty, and curricula. A student who wishes certification to the American Chemical Society must also have earned credit in 311-312, 450, and in at least one of the following courses: 315, 361-362, 415, 417, or 461-462. In addition he must have earned credit in Mathematics 216 or 222, and must have a reading knowledge of German. A student who finishes this sequence of courses may elect to receive the B.S. degree and will meet the requirements for entrance to graduate schools of chemistry.

109-110. CHEMISTRY OF THE HOME AND COMMUNITY

Introductory course in Chemistry with practical applications to Home Economics and allied fields. (Open to women.)

111-112. GENERAL CHEMISTRY INCLUDING QUALITATIVE ANALYSIS

The fundamental principles of modern chemistry including qualitative analysis. It is recommended that a student have completed a high school course in Physics or Chemistry as a preparation for this course. Prerequisites: High School Algebra and Geometry.

213. ELEMENTARY PHYSICAL CHEMISTRY

Further emphasis on the fundamental principles of chemistry including structure, properties of solutions and colloidal suspensions, and equilibrium. Prerequisite: 112.
214. QUANTITATIVE ANALYSIS  Mr. Everhart. 4
Gravimetric, volumetric, and electrometric methods of analysis; drill in calculations and fundamental theories. Prerequisite: 213. Designed for premedical students, technicians, and those who wish an elementary course.

215AB. ANALYTICAL CHEMISTRY  Mr. Ronneberg, Mr. Everhart. 4
A. A study of colloidal systems, the laws of solution and equilibrium of electrolytes and non-electrolytes. Intensive drill on problems dealing with equilibrium and solubility product. One-half of semester. Two credit hours.

B. Quantitative Analysis. Balance of semester. Two credit hours. (See Chemistry 216). Prerequisites: Chemistry 112 with a proficiency grade and consent of instructor; Mathematics 40A.

216. QUANTITATIVE ANALYSIS  Mr. Everhart. 4
Designed for students who need considerable work in quantitative analysis. Prerequisite: Chemistry 215 AB.

311-312. THEORETICAL CHEMISTRY  Mr. Ronneberg. 4
Rigorous treatment of fundamental theories underlying the science of chemistry. Prerequisites: 214; Physics 112 and laboratory course; and Mathematics 215-216 or 221-222. Physics majors accepted on recommendation of their adviser.

315. ADVANCED QUANTITATIVE ANALYSIS  Mr. Ronneberg, Mr. Everhart. 3 or 4
Metallurgical analysis, water, gas, foodstuffs, technical analysis for specific industries. Prerequisite: 214. (Offered either semester.)

323-324. ORGANIC CHEMISTRY  Mr. Traynhom. 4
The chemistry of aliphatic, aromatic, and heterocyclic compounds. Prerequisite: 112.

361-362. DIRECTED STUDY IN CHEMISTRY  Staff. 3
Prerequisite: 214 and registration in 311.

413-414. HISTORY OF CHEMISTRY  Mr. Everhart. 1
A seminar course. Consent of instructor.

415. QUALITATIVE ORGANIC ANALYSIS AND COMBUSTIONS  Mr. Traynhom. 3
The methods of qualitative organic analysis and quantitative analysis for carbon, hydrogen, and nitrogen on a semi-micro scale. Prerequisites: 312, 324.

417. ADVANCED INORGANIC CHEMISTRY  Staff. 3
The systematic study of inorganic compounds with laboratory work. Prerequisites: 311 and registration or credit in 312.
450. SEMINAR AND READING COURSE
Meets two hours a week both semesters. Designed to integrate the student's work in the various areas of chemistry, to require familiarization with the chemical literature, and to prepare students systematically for the comprehensive examinations in Chemistry.

461-462. INDIVIDUAL WORK FOR HONORS

CLASSICAL LANGUAGES
Mr. L. R. Dean, Chairman

MAJOR IN CLASSICAL LANGUAGES OR CIVILIZATION
A major in Classical Languages may be obtained by completing 18 semester-hours of credit in language courses and six hours in other courses given by the instructor.

A major in Classical Civilization with no requirements in the use of Greek or Latin languages may be obtained by completing 24 hours from the following courses: Greek 101, 201, 203, 204; Latin 104, 206; Art 205, 305; Philosophy 331; Religion 111; and Education 216.

COURSES IN CLASSICAL CIVILIZATION
(These courses do not require use or study of Greek or Latin Languages.)

GREEK 101. GREEK CIVILIZATION
Topical study of the chief aspects of ancient Greek life and thought. May be included in a History major. (Offered in 1952-53.)

LATIN 104. ROMAN CIVILIZATION
Structure of Roman customs and institutions as a legacy to the modern world. (Offered 1952-53.)

GREEK 201. GREEK DRAMA
Fifteen plays, tragedies, and comedies are read and discussed. Alternates with 203.

GREEK 203. GREEK LITERATURE IN ENGLISH
Cross-section of the varied forms of literary expression, exclusive of drama. Alternates with 201. (Offered in 1952-53.)

GREEK 204. MYTHOLOGY-RELIGION
A rapid survey of the principal myths and a study of their use in European and American Literature and Art.
LATIN 206. LATIN LITERATURE IN ENGLISH
   Selections from the leading writers. (Alternates with Greek 204; offered in 1962-63.)

361-362. DIRECTED STUDY IN CLASSICAL CIVILIZATION

461-462. INDIVIDUAL WORK FOR HONORS

COURSES IN LANGUAGE

(Any of the following will be given, if demand warrants.)

GREEK

111-112. INTRODUCTION TO THE GREEK LANGUAGE
   Forms, grammar, and elementary reading. Open to the students of all classes.

211-212. GREEK NEW TESTAMENT
   One of the Gospels (first semester); One of Paul's Epistles (second semester). Prerequisite: 111-112.

LATIN

101. SELECTIONS FROM CICERO
   Prerequisite: Two or three years of high school Latin.

102. VIRGIL
   Selections from the first six books of the Aeneid. Prerequisite: Three years of high school Latin.

111-112. SELECTIONS FROM LATIN LITERATURE
   Principally comedies, lyric, elegiac, and satiric poetry. Prerequisite: Four years of high school Latin.

211. CICERO AND OVID
   History and mythology. Sight reading. (Offered in 1952-53 and in alternate years.)

212. PLINY AND ROMAN HISTORIANS
   Letters and essays. (Offered in 1950-51 and in alternate years.)

311-312. VIRGIL
   A study of all the poems of Virgil.
COURSES OF STUDY

361-362. DIRECTED STUDY IN CLASSICAL LANGUAGES 3

THE TEACHING OF LATIN  (See Education 333.)

ECONOMICS

Mr. Gordon, Chairman (on leave 1951-52); Mr. Cook, Acting Chairman; Mr. Lehman, Mr. Nelson, Mr. Atwood, Mr. Alford

A student wishing to concentrate in Economics may choose between a major in Economics and a major in Business.

MAJOR IN ECONOMICS

The major in Economics is designed for students who expect to pursue graduate study in Economics leading to a teaching or research career, for those who expect to enter government service, and for those who expect to enter business as economic consultants, advisers, statisticians, financial analysts, or research directors.

A major in Economics is required to take 211-212 and at least 18 semester-hours chosen from the following courses: 223-224, 313, 315, 317-318, 410, 413, 414, 422, 431, and 440. He may take additional courses in this department up to a maximum of 36 hours and should take at least 30 hours. He is also required to take the following related courses in the freshman year: Core Course 40 a, Mathematics 108, and History 121-122.

A major in Economics should register for as many as possible of the following related courses (the minimum number of semester-hours to be taken in this group is 24): Geography 221, 226; Government 211, 212, 312; Mathematics 205-206; Core Course 40 b; Philosophy 321, 325; Psychology 211, 417; Sociology 207, 208, 415, and Core Course 10 b or Speech 221. A student who contemplates graduate study or government service should elect a modern foreign language.

MAJOR IN BUSINESS

A major in Business is designed for those who expect to engage in business and whose interests run toward the study of applied economics.

A major in Business is required to take 211-212 and at least 18 semester-hours chosen from the following courses: 223-224, 313, 314,
He may take additional courses in this department up to a maximum of 36 hours and should take at least 30 hours. He is also required to take Core Course 40 and Mathematics 108 in the freshman year. A business major should register for as many as possible of the following related courses (the minimum number of hours to be taken in this group is 24): Geography 221, 226; Government 211, 231-232; History 121-122; Mathematics 205-206; Philosophy 321, 326; Psychology 211, 320, 417; Sociology 207, 415, and Speech 221 or Core Course 10 b.

Every major should take 223 concurrently with 211, and 224 concurrently with 212.

207. PRINCIPLES AND PROBLEMS OF ECONOMICS  Mr. Nelson. 3

A special section of principles of economics together with Sociology 207 fulfills the Core Course 71-72 requirement. (Offered each semester.)

211-212. PRINCIPLES AND PROBLEMS OF ECONOMICS  Staff. 3

This course, primarily designed for social science majors, is oriented to present an explanation of how the private enterprise system operates, and to provide fundamental economic principles, and working tools prerequisite for economic analysis.

223-224. ACCOUNTING SURVEY  Mr. Cook. 3

A survey course of accounting designed specifically for liberal arts students interested in business, economics, law, and government. Introduction to the principles of financial statements, costs and revenues, cost accounting, non-profit accounting, consolidated statements, and analysis of financial statements.

313. PRINCIPLES OF TRANSPORTATION  Mr. Cook. 3

The American system of railroad, highway, air, and inland water transportation. Valuation, rate making, public control, and related problems of common carriers. Prerequisites: 211-212, or Core Course 71-72 and Economics 212.

314. PRINCIPLES OF MARKETING  Mr. Cook. 3

Fundamentals of marketing, a study of the marketing functions and agencies involved in marketing, and of the structure of markets, competitive practices, distribution policies, and pricing. Prerequisites: 211-212, or Core Course 71-72 and Economics 212.

315. MONEY AND BANKING  Mr. Lehman. 3

Principles of money, credit, and banking, including a study of the institutions and financial organizations designed to supply society with adequate media of exchange. Development of American mone-
tary and banking practices and policies. Prerequisites: 211-212, or Core Course 71-72 and Economics 212.

316. CORPORATE ORGANIZATION AND FINANCE Mr. Atwood. 3
Principles underlying the promotion, organization, financial structure, control, failure, and reorganization of corporate enterprise. Prerequisites: 211-212, or Core Course 71-72 and Economics 212. It is highly desirable that students registering for this course shall also have had 223-224.

317-318. LABOR ECONOMICS Mr. Gordon, Mr. Lehman. 2
Employer-employee relations, including problems of wages, employment, and conditions of work as they affect individuals and the national economy. TEACHER PREPARATION. Denison University is accredited by the State Department of Education in Ohio in the teacher-preparation field of secondary education, including the junior high school and senior high school. The University also offers some of the courses required in the preparation of teachers and leaders in the fields of religious, commercial, and elementary education. Special Certificates in Music (See Music Curriculum) and Physical Education and Health may be obtained by both men (see page 94) and women (see page 97) on completion of the required courses of these curricula. A student registering for courses in Education must obtain at least a 30 percentile rating on the Ohio State University Psychological Test or its equivalent on another test. He must also make a satisfactory rating on standardized tests in English, handwriting, and vocabulary. The student will be required to submit to a speech test given by the Department of Speech and, if found deficient, must register for appropriate courses.

A student expecting to become a teacher or coach of athletics should confer with the chairman of the Department of Education as early as possible in order to receive advice on planning an effective four-year schedule.

ENGINEERING SCIENCE

Mr. Kato, Acting Chairman; Mr. Ladner

A student interested in Engineering should major in Mathematics or one of the physical sciences, his choice depending upon the branch of engineering he wishes to enter. Pre-engineering credits earned at Denison are accepted by engineering schools. (See Combined Arts-Professional Courses.)
The following courses in Engineering Science may be elected by pre-engineering and other students:

101. STATISTICAL GRAPHICS Mr. Lodntr. 2
Use of instruments, lettering, and tracing; construction of different types of charts and graphs used in statistical work. Not restricted to engineering students.

111. ENGINEERING DRAFTING Mr. Lodntr. 2-3
Use of instruments, simple projections, freehand sketching, geometric problems, conventional signs, and tracings. Recommended for non-engineering students, particularly those majoring in the sciences.

112. DESCRIPTIVE GEOMETRY Mr. Lodntr. 4
Conventional projection theories of drafting with problems and applications in point, line, and plane; intersection and development of surfaces. Prerequisite: 111.

115. MACHINE DRAWING Mr. Lodntr. 2
Elementary design and working drawings. Prerequisite: 111.

122. ELEMENTARY SURVEYING Mr. Lodntr. 4
Fundamental methods; use of tapes, level, and transit; land surveying; areas and plotting; field problems. Two class and two laboratory periods each week. Prerequisites: 111 and Trigonometry.

311-312. TECHNICAL MECHANICS Mr. Lodntr. 3
The principles of applied mechanics with reference to their application to engineering. Prerequisites: Mathematics 221-222; Physics 111, and 114 or 211.

314. MECHANICS OF MATERIALS Mr. Lodntr. 5
Engineering materials and their reactions to applied loads, including stress, strain, tension, compression, shear, torsion, and flexure. Prerequisite: 311.

324. ENGINEERING INSPECTION TRIP Mr. Lodntr. 2
Visits are made to industrial plants such as steel, cement, etc., and to the sites of engineering structures, particularly those studied in different courses. Consent of instructor. Spring vacation. (Offered in 1952-53 and in alternate years.)

ENGLISH

Mr. J. L. King, Chairman; Mr. Shumaker, Mr. Mahood, Miss Shannon, Mr. Downs, Mr. Coffin, Mr. Arnold (on leave), Miss Lewis, Mr. Bennett

MAJOR IN ENGLISH

A student majoring in this department must elect a minimum of 26 hours in English, including 211-212, 321-322, 333, and must have
two college years or its equivalent of one modern foreign language.

Core Course 11-12, required of all freshmen, is introductory to courses in this department but does not count as credit toward a major.

Certain courses in literature are offered in other departments: Greek Literature in English—see Classical Languages; French Literature, German Literature, and Spanish Literature—see Modern Languages.

115. CORRECTIVE ENGLISH FOR FRESHMEN
A review of the fundamentals of English Composition. Required of freshmen who pass Core Course 11 with a grade below C.

THE TEACHING OF ENGLISH  (See Education 331.)

FAMILY LIFE

Mrs. Vreeland, Chairman

The courses in Family Life have a twofold purpose, namely, to aid young men and women in preparation for marriage and family life, and to acquaint the student with the history and general social problems of the family. The courses are basic for prospective social workers, nurses, teachers, religious educators, recreational leaders, and other professional workers who deal with children and families, as well as for the student of general culture.

A student whose primary interest is Family Life should consider especially the following courses: Art 150, Biology 113-114, 224, and 225-226, Chemistry 109-110, Economics 332, English 215-215, Geography 221, Government 211 and 212, Philosophy 321 and 326, Physical Education 201a or 201b, Psychology 217 and 226, Sociology 207, 307, 315, and Religion 213.

Those contemplating graduate study in Family Life should obtain a reading knowledge of at least one foreign language.

211. EDUCATION FOR MARRIAGE AND FAMILY LIFE 3  
To acquaint the student with the findings of the biological, psychological, and social sciences as they relate to marriage and family life. (Offered each semester.)

313. THE FAMILY 3  
A study of the structure of the family as an institution and of its inter-relationships with other social institutions; changing economic and social functions of the family as seen in historical and cultural perspective. Credit applies toward a major in Sociology. Prerequisite: 211 or consent of instructor.
314. FAMILY PROBLEMS
Specific problems of homemaking and family life. Emphasis is on the social-psychological aspects of family problems and on interpersonal relationships within the family. Prerequisite: 211 or consent of instructor.

GEOLOGY AND GEOGRAPHY

Mr. Mohord, Chairman

A student majoring in Geology is expected to take Geology 111, 112, Geography 221, 226, Geology 311, 312, 320, 400, 411-412. In addition a minimum of 30 semester-hours is required in Mathematics, Chemistry, Physics, and Engineering Science.

MAJOR IN GEOGRAPHY

A student majoring in Geography is expected to take Geology 111, 112, Geography 221, 226, 230, 232, Geology 320, Geography 411-412, and additional recommended courses in the Social Studies depending upon his vocational interest.

GEOLOGY 111. PHYSICAL GEOLOGY
The elements of dynamical and structural geology; the materials of the earth, their structural relations, and the agents operating upon them. This course includes laboratory and field work.

GEOLOGY 112. HISTORICAL GEOLOGY
The history of the earth and the development of its organisms; the major physical events and the most characteristic features of the life of each period from earliest time to the present. This course includes laboratory and field work. Prerequisite: 111.

GEOGRAPHY 221. PRINCIPLES OF GEOGRAPHY: PHYSICAL AND HUMAN
Elements of the physical environment and their effects upon man.

GEOGRAPHY 226. GEOGRAPHY OF THE UNITED STATES
Physiographic provinces are studied in turn with emphasis upon origin of landscape features; textbook readings on human and economic factors.

GEOGRAPHY 210. GEOGRAPHY OF SOUTH AMERICA
Environmental factors and their significance in the affairs of South America and the World. (Offered in 1950-51 and in alternate years.)
GEOGRAPHY 232. GEOGRAPHY OF EUROPE 3
Environmental factors and their significance in the affairs of Europe with emphasis upon historical geography. (Offered in 1951-52 and in alternate years.)

GEOLOGY 311. STRUCTURAL GEOLOGY 3
Study of movements of solid rock and molten rock and their effect upon crustal features of the earth. Prerequisites: Geology 111, 112, and Geography 226.

GEOLOGY 312. GEOMORPHOLOGY AND MAP INTERPRETATION 3
Study of the origin of landscape features and the interpretation of topographic maps. Prerequisites: Geology 111, 112, and Geography 226.

GEOLOGY 320. FIELD TRIP 2
A spring vacation automobile trip across the physiographic provinces of Eastern United States. A complete section through the Appalachian Provinces, the Triassic Lowland, and the Coastal Plain is studied. A visit to the American Museum of Natural History in New York City is included.

GEOLOGY 400. FIELD COURSE 6
A major in Geology must register for a summer field course offered by any one of a number of approved universities, such as the University of Wyoming, Indiana University, and the University of Michigan; upon the successful completion of the course, he receives credit transferable to his record at Denison.

GEOLOGY 411-412. DIRECTED STUDIES 2-4
Individual reading and laboratory work in a student's field of interest within geology may involve the preparation of a thesis or honors project. Work in mineralogy, petrology, and economic geology are included.

GEOGRAPHY 421-422. DIRECTED STUDIES 2-4
Readings in geography which may involve the preparation of a thesis or honors project.

GEOLOGY OR GEOGRAPHY 461-462. INDIVIDUAL WORK FOR HONORS 3

MATHEMATICS

Mr. Kato, Chairman; Mr. Rupp, Miss Wetzel, Mr. Ladner,
Miss Carpenter

MAJOR IN MATHEMATICS

The first two years’ work is offered under Sequence I or Sequence II. The second sequence is designed for the stronger student in Mathematics and for the major in this or a related field. In addition, a major will take 459-460 and two other courses in Mathematics, not counting 108, 203, or Education 335. A major in Mathematics with emphasis upon statistics will take 307-308 and 407-408. All majors will elect, after consultation with the chairman of the department, a minimum of 12 semester-hours in subjects related to Mathematics. These may be in Science, Philosophy, or Economics.

Sequence I

Core Course 40a serves as an introduction to mathematical analysis.

116. ELEMENTARY MATHEMATICAL ANALYSIS
(Continuation of Core Course 40a.)
Staff. 4

215-216. THE CALCULUS
Mr. Rupp. 5
An introductory course. Prerequisite: 116.

315. ADVANCED CALCULUS
Miss Carpenter. 4
Selected topics including partial differentiation, improper integrals, line and surface integrals, infinite series. Prerequisite: 216 or 222.

Sequence II

121-122. ELEMENTARY MATHEMATICAL ANALYSIS
Mr. Kato. 5
Introduces elementary ideas of the calculus at the start and uses them throughout the course in an integrated study of topics in algebra, plane trigonometry, and analytic geometry, including an introduction to solid analytic geometry.

221-222. THE CALCULUS
Mr. Kato. 5
Includes such topics as partial differentiation, multiple integrals, and expansion of functions into infinite series. Prerequisite: 122.

321-322. ADVANCED ANALYSIS
Miss Wetzel. 3
This course is designed to follow 222. The principal topics are partial differentiation, Riemann and Stieltjes integrals, indeterminate
forms, infinite series, improper integrals, Fourier series, and Laplace transform.

**Sequence in Statistics**

**307-308. MATHEMATICS OF STATISTICS**  Miss Wetzel.  3

Introduction to the theory and applications of mathematical statistics, including the topics: frequency distributions of one and two variables, sampling theory, elementary probability, multiple and partial correlation, and generalized frequency distributions. Prerequisite: 216 or 222.

**407-408. ADVANCED MATHEMATICS OF STATISTICS**  Miss Wetzel.  3

Continuation of topics considered in 307-308, with special emphasis upon modern statistical methods.

**Non-Sequence Courses**

**108. MATHEMATICS OF FINANCE**  Mr. Rupp, Miss Carpenter.  3

Interest and annuities, life insurance, and reserves. Prerequisite, Core Course 40a or 121 or consent of instructor.

**203. SOCIAL STATISTICS**  Miss Wetzel.  3

Adapted to students in Personnel Administration, Psychology, and Sociology.

**205-206. ECONOMIC STATISTICS**  Miss Carpenter.  3

Adapted to students in Economics.

**332. COLLEGE ALGEBRA**  Mr. Rupp.  3

Mathematical induction, determinants and selected topics from the theory of equations. Consent of instructor. Alternates with 336.

**336. COLLEGE GEOMETRY**  Mr. Rupp.  3

Synthetic treatment of such topics as poles and polars, inversion, and homothetic figures. Consent of instructor. Alternates with 332.

**353. DIFFERENTIAL EQUATIONS**  Mr. Kato.  4

Introductory course. Prerequisite: 216 or 222.

**361-362. DIRECTED STUDY IN MATHEMATICS**  Staff.  3

**453. VECTOR ANALYSIS WITH INTRODUCTION TO TENSOR ANALYSIS**  Mr. Kato.  4

Prerequisite: 315 or 321 or 353, and General Physics.

**459-460. SENIOR SEMINAR**  Mr. Kato, Miss Wetzel

Designed to integrate the student's mathematical knowledge and extend his mathematical horizon. (Three hours of credit for the year; meets two hours each week.)

MODERN LANGUAGES

Mr. Secor, Chairman: Miss Koerber, Miss Holm,
Mr. Preston, Mr. Steele, Mr. Barnes

MAJOR IN MODERN LANGUAGES

A major in this department must complete a minimum of 24 semester-hours above the first-year level in the language. A maximum of 52 semester-hours is allowed providing not more than 36 semester-hours are in one language. At least a reading knowledge of a second modern language is highly desirable for a major. No credit is given for less than a year of beginning work.

A student has access to the Language laboratory for aural training by record and by radio.

A major's sequence of courses is arranged in conference with the chairman of the department.

MUSIC

Mr. Eschman, Chairman; Mr. Stark, Mr. H. Larson, Miss Haury, Mr. Geller, Mr. Ravnon, Mr. Alley

MAJOR IN MUSIC

All courses listed grant credit, as indicated, toward either the Bachelor of Arts degree or the Bachelor of Music degree. (See Degrees in Music.) Any student in the University may elect courses to a maximum of 40 semester-hours (including four hours in Ensemble Music) under the former, or 88 hours under the Mus.B., degree. Those who are candidates for a degree in Applied Music will pay the regular college tuition but not the additional charges for private lessons. (For costs see Expenses.)

Core Course 31-32-33 serves as an introduction to music appreciation but does not count as credit for a major in music.

103-104. CHORUS, ORCHESTRA, BAND OR ENSEMBLE TRAINING
Mr. Eschman, Mr. Larson, Mr. Geller, Mr. Ravnon, Mr. Alley. 1

Three hours are required for one hour of college credit each semester, one being in Chorus, Orchestra, Band or A Cappella Choir; the others are elective ensemble music.

105-106. OPERA WORKSHOP
Mr. Larson. 1

A course in the history and performance of operas.

107-108. CHAMBER MUSIC WORKSHOP
Mr. Geller. 1

A course in the style and performance of chamber music.

111-112. FUNDAMENTAL MUSICIANSHP
Mr. Eschman. 2

Required of all freshmen majoring in Music.

COURSES OF STUDY

VOICE CLASS
Class lessons in voice. Recommended for the improvement of the speaking as well as the singing voice.  
Mr. Larson.  

WOODWIND INSTRUMENTS CLASS
Class instruction for majors in Music Education.  
Mr. Alley.  

BRASS INSTRUMENTS CLASS
Class instruction for majors in Music Education.  
Mr. Alley.  

PRIVATE LESSONS IN ORGAN, PIANO, VIOLIN, VIOLONCELLO, VOICE, AND WIND INSTRUMENTS (For credit, see below.)
Instruction is in private lessons and the need of the individual student at any level of instruction is met.

MAJOR IN APPLIED MUSIC
Credit in Applied Music to a total of eight semester-hours may be obtained toward the A.B. degree by a major in any department. A major in Applied Music may elect 16 hours in Applied Music. One credit is given for one lesson a week and one hour of practice a day. Two credits are given for two lessons a week and two hours of practice daily. The former will be given the name of the subject: Piano, etc., and the numbers 111-112, 211-212, 311-312, 411-412 depending upon the year of study. The two-hour credit courses will be numbered 121-122, 221-222, etc.
In Applied Music 48 semester-hours are required for the Bachelor of Music degree in performance major. A student must register for Piano, Voice, Violin, Organ, Wind Instruments, or Violoncello: 131-132, 231-232, etc., three hours of credit; 141-142, 241-242, etc., four hours of credit. (In each case the first digit of the course-number indicates the year, the second the number of credits, and the third digit, the semester in which the course was taken.)

PHILOSOPHY
Mr. Titus, Chairman; Mr. Hepp

Philosophy may be selected as a general cultural background, as a major for ministerial students, or as preparation for graduate work in Philosophy.

MAJOR IN PHILOSOPHY
A major requires 24 semester-hours, preferably in sequence, the courses to be selected in consultation with the members of the staff on the basis of the interests and needs of the student.
LOGIC (REFLECTIVE THINKING)  Mr. Hepp. 4
See Core Course 40 b. Required of majors in Philosophy.

224. LIVING ISSUES IN PHILOSOPHY Mr. Titus. 3
Introduction to philosophy with emphasis upon present-day problems. The student is encouraged to integrate the various branches of knowledge into a workable philosophy of life.

321. ETHICS FOR TODAY Mr. Titus. 3
A study of the development, nature, and theories of morality with special emphasis given to present-day problems of personal and social morality. Open to sophomores by consent of instructor.

323-324. MODERN SOCIAL PHILOSOPHIES: Year Course Mr. Titus. 3
Examination of the social philosophy underlying democracy, capitalism, the consumers' cooperative movement, socialism, communism, fascism, etc. Prerequisite: 321 or consent of instructor; 323 is prerequisite for 324.

326. MODERN SOCIAL PHILOSOPHIES: One Semester Mr. Titus. 3
Outline or survey of modern social philosophies. (See 323-324 for content.) Prerequisite: 321 or consent of instructor.

327. THE PHILOSOPHY OF CIVILIZATION Mr. Titus. 3
The sources of Western civilization and recent philosophies of civilization as set forth by Spengler, Sorokin, Schweitzer, Toynbee, Northrop, and others. Prerequisite: 326 or consent of instructor.

331. HISTORY OF PHILOSOPHY Mr. Hepp. 3
Investigation of origins of Western philosophy and science, followed by first-hand study of philosophical classics from Plato and Aristotle to Augustine and Thomas Aquinas. (Offered in 1950-51 and in alternate years.)

332. HISTORY OF PHILOSOPHY Mr. Hepp. 3
Modern Philosophies which have shaped the contemporary mind. First-hand acquaintance with the philosophical classics from Descartes to Kant. (Offered in 1950-51 and in alternate years.)

333. NINETEENTH CENTURY PHILOSOPHY Mr. Hepp. 3
Work of such philosophers as Hegel, Schopenhauer, Comte, J. S. Mill, Nietzsche, and Royce, and their relations to the social, scientific, and religious thinking of the period. Consent of instructor. (Offered in 1951-52 and in alternate years.)

334. CONTEMPORARY THOUGHT Mr. Hepp. 3
A seminar on the main trends of 20th century philosophy and the work of leading contemporary philosophers. Consent of instructor. (Offered in 1951-52 and in alternate years.)
361-362. DIRECTED STUDY IN PHILOSOPHY  Staff.  3

401. PHILOSOPHY OF RELIGION  Staff.  3
A seminar on the origin, development, nature, and problems of religion, and the types of religious philosophy. Consent of instructor.

461-462. INDIVIDUAL WORK FOR HONORS  Staff.  3

PHYSICAL EDUCATION FOR MEN
Mr. Livingston, Chairman; Mr. Jenkins, Mr. Carl, Mr. Piper

Credit ranging from two to six hours in this department is required for graduation. This is met by courses and physical fitness tests during the freshman, sophomore, and junior years.

MAJOR IN PHYSICAL EDUCATION FOR MEN

A major sequence requires 46 semester-hours of credit including Biology 201-202, Education 346, and elective courses in Psychology. A student completing all the courses is qualified for a position as supervisor and special teacher of health and physical education in high schools, providing he has the necessary credits in Education. A minor requires 24 semester-hours of credit. The minimum requirements in Education are stipulated by the State Department of Education for all high school teachers to qualify for the State Provisional Special Certificate in Physical Education.

Following the required health examinations during the orientation period and subsequent classification of a student, registration for the required work in Physical Education for men who enter without military credits is held.

A student who passes the physical fitness tests at the end of the freshman year is excused from class attendance for the first semester of the sophomore year. At the end of each semester tests are given to determine class attendance for the next semester, up to and including the tests at the end of the student's fifth semester. Whenever a student fails to pass any of these tests, he must register for and attend classes in the basic course in the following semester.

A student who fails to earn credit in any semester in which he is registered for required Physical Education must repeat the course with a passing grade. A man will be denied graduation until he has earned six credits in required Physical Education, or until the sum of credits earned and waivers granted for passing fitness tests total six.

The fitness tests include swimming and skills in individual and team competition in both indoor and outdoor sports.
REQUIRED COURSES

111-112. FOR FRESHMEN
Corrective gymnastics, rhythmic, beginning swimming, individual athletics, tumbling stunts, and sports for freshmen only. A final examination is given in each course.

A student failing the course must repeat it or elect another. A student may receive duplicate credit in any course. If assigned to Corrective Gymnastics, he may take the course for one, two, three, or four semesters. (Three hours each week.)

211-212. FOR SOPHOMORES
Corrective gymnastics, rhythmic, advanced swimming, boxing, wrestling, sports, and apparatus stunts. (Three hours each week.)

311-312. FOR JUNIORS
Gymnastics required of a student unless he has already passed the physical fitness test for 111-112 and 211-212. (Three hours each week.)

ELECTIVE COURSES

Minimum requirements for the special certificate valid for service in Ohio schools, grades 7 to 12 inclusive, shall consist of 24 semester-hours.

The minimum requirements for a special certificate valid for service in grades 1 to 12 inclusive shall consist of the following pattern of training:

**Group I**

334. PRINCIPLES OF SCHOOL HEALTH Mr. Livingston. 3
Principles, organization, and administration of school health education including school and community relationships.

434. PRINCIPLES OF PHYSICAL EDUCATION Miss Shepard. 3
Principles, organization, and administration of physical education.

**Group II**

ACTIVITIES, SKILLS AND METHODS FOR JUNIOR AND SENIOR HIGH SCHOOLS Mr. Jenkins. 4
Activities, skills and methods of teaching rhythmic, games of low organization, stunts, tumbling, apparatus, and recreational group activities for junior and senior high schools. Prerequisites: Psychology 211, Education 321. (See Education 313.)
ACTIVITIES, SKILLS AND METHODS FOR ELEMENTARY SCHOOLS

Mr. Jenkins. 4

Activities, skills and methods of teaching rhythms, games of low organization, stunts, tumbling, apparatus and recreational group activities for elementary schools. Prerequisites: Psychology 211, Education 321. (See Education 314.)

Group III

126. MINOR ORGANIZED SPORTS  
Mr. Carl. 2  
Activities, skills, and methods of teaching tennis, soccer, speedball, volleyball, and touch football.

The course follows the American Red Cross Manual and meets the requirements for the Standard and Advanced First Aid Certificates.

347-348. PERSONAL AND GENERAL HYGIENE  Mr. Livingston.  3
Health and hygiene, including personal health and living, community health, mental hygiene, social hygiene, foods and nutrition, sanitation, disease control, health counseling. Prerequisite: Biology 201-202.

GROUP VI

HUMAN ANATOMY AND PHYSIOLOGY
(See Biology 201-202).

444. PHYSIOLOGY OF EXERCISE AND KINESIOLOGY  Mr. Livingston.  2
Prerequisite: 347-348.

GROUP VII

443. ADAPTED PHYSICAL EDUCATION  Miss Denham.  2
Individual or adapted physical education, including corrective, restrictive, and therapeutic activities, their teaching, and administration. Prerequisite: Biology 201-202.

GROUP VIII

128. OUTDOOR AND SAFETY EDUCATION  Mr. Piper.  2
Camping, outdoor education, safety and driver education and training.

423. DANCE AS AN ART FORM  Miss Denham.  3
Historical and philosophical concepts. A seminar to be taken concurrently with 425.
PHYSICS
Mr. Smith, Chairman; Mr. Howe, Mr. Wheeler

MAJOR IN PHYSICS

The major sequence in Physics consists of courses 111, 112, 211, 212, with 12 additional hours in courses numbered higher than 300. Students who expect to major in the physical sciences are advised to take at least Physics 111, 112, 211, 212. A student preparing for graduate work in Physics should elect courses 311, 312, 313, 314, and 314. An engineering student should take the 211-212 laboratory, and will find 431-432 useful. The sequence 111-112 with 113-114 are necessary to satisfy the Physics requirements for students expecting to enter medicine or dentistry.

111. GENERAL PHYSICS

Lecture demonstrations and recitations covering the more important principles of mechanics and heat. Prerequisite: one year of high school Physics or consent of instructor; Mathematics 121 or Core Course 40 a should accompany or precede this course.

112. GENERAL PHYSICS

(Continuation of 111.) Electricity, magnetism, light, wave motion, and sound. Prerequisites: 111, and Mathematics 121 or Core Course 40 a.

113-114. GENERAL PHYSICS LABORATORY

Primarily for students in Art, pre-medicine, and pre-law. May be taken only in combination with or following 111-112.

200. FLIGHT TRAINING

Dual and solo flight instruction leading to the CAA private pilot's license. (For full details see separate bulletin on Flight Training.) Maximum cost and deposit $450.

201. FLIGHT TRAINING

Basic ground school course for pilot training.

211. LABORATORY PHYSICS

Exercises in the laboratory in study of mechanics, molecular physics, and heat, designed for Engineering and Science students. Prerequisites: 111-112, and Core Course 40 a, Mathematics 116 or 121-122.

212. LABORATORY PHYSICS

Continuation of 211. The more fundamental experiments in sound, light, magnetism, and electricity. Prerequisite: 211.
311. ELECTRICAL MEASUREMENTS  
Mr. Howe. 3
A secondary laboratory course in which the theory and practice of precise methods of electrical measurement are presented. The theoretical course to accompany this is 313. Prerequisites: 211-212 and The Calculus.

312. LIGHT  
Mr. Smith. 3
A secondary laboratory course dealing with experiments in geometric optics, diffraction, interference, polarization, and some practice with a spectrograph. Course 314 normally accompanies this course. Prerequisites: 211-212 and The Calculus.

313. MAGNETISM AND ELECTRICITY  
Mr. Smith. 3
A secondary course dealing with fundamental laws of electric and magnetic fields, steady currents, electromagnetic induction, D.C. and A.C. circuits. Vector methods are introduced and used. Laboratory course 311 is recommended as an accompanying course. Prerequisites: 211-212 and The Calculus. (Offered in 1952-53 and in alternate years.)

314. GEOMETRIC AND PHYSICAL OPTICS  
Mr. Smith. 3
A secondary course presenting the fundamental theorems of geometric optics and the theory of refraction, diffraction, interference and polarization of light. Physics 312 parallels this in the laboratory. Prerequisites: 211-212 and The Calculus. (Offered in 1952-53 and in alternate years).

333. KINETIC THEORY AND THERMODYNAMICS  
Mr. Smith. 3
Lecture course presenting selected topics of the kinetic theory of gases, the derivation of equations of state, and the laws of thermodynamics with implications and applications. Prerequisites: 211-212 and The Calculus. (Offered in 1953-54 and in alternate years.)

334. MODERN PHYSICS  
Mr. Smith. 3
This course introduces the conduction of electricity through gases, the elementary particles of physics, the structure of matter, radiation, radioactivity and nuclear physics. Prerequisites: 211-212 and The Calculus. (Offered in 1953-54 and in alternate years.)

344. THERMIonis AND ITS APPLICATIONS  
Mr. Howe. 4
Laboratory and class work presenting fundamental ideas of thermionic emission and its application in vacuum tubes with their salient characteristics: electronic circuits in common practice in radio and telephone. Prerequisites: 211-212 and The Calculus, or consent of instructor.

361-362. DIRECTED STUDY IN PHYSICS  
Staff. 3
431-432. ELEMENTS OF ELECTRICAL ENGINEERING  Mr. Smith.  4
  Lecture and laboratory course presenting the general theory of
direct and alternating current circuits and machinery. Prerequi-
sites: 211-212, and Mathematics 221-222.

441-442. ADVANCED LABORATORY AND SPECIAL PROBLEMS  Staff.  2 or 3
  Consent of instructor.

461-462. INDIVIDUAL WORK FOR HONORS  Staff.  3

PSYCHOLOGY

Mr. Lichtenstein, Chairman; Mr. Dixon, Mr. Carter, Mr. Gawain

MAJOR IN PSYCHOLOGY

A major in Psychology requires a minimum of 26 hours in Psy-
chology including courses 315-316, 342, 411, 412, and 440-441. A
major is also required to take Mathematics 203, and Core Courses 40 b
and 51-52.

A student contemplating graduate work in Psychology should
obtain a reading knowledge of at least one foreign language, prefer-
ably French or German. He should also take Core Course 40 a, Math-
ematics 116, Physics 111, 112, and 113-114.

Psychology 211 is prerequisite to all other credit courses in the
department.

91. VOCATIONAL INFORMATION  Mr. Dixon.  1
  Vocational testing, readings, discussions, and counseling designed
to aid the individual student to work constructively toward a sound
vocational decision.

93. PLACEMENT TECHNIQUES  Mr. Dixon.  0
  Discussion of techniques of job hunting and placement interview-
ing.

211. GENERAL PSYCHOLOGY  Staff.  3
  Introduction to the general nature and principles of behavior.
  (Offered each semester.)

217. DEVELOPMENTAL PSYCHOLOGY  Mr. Carter.  4
  Psychological development especially during early periods of
growth. (Offered each semester.)

226. PROBLEMS IN PERSONALITY  Mr. Carter, Mr. Gawain.  3
  Motivations of man with emphasis upon behaviors requisite for
  adequate living. (Offered each semester.)
315-316. EXPERIMENTAL PSYCHOLOGY  Mr. Gowain.  3
    Experimental approach to human behavior emphasizing exper- 
    mental design and research. Prerequisite: Mathematics 203.

320. PERSONNEL PSYCHOLOGY  Mr. Dixon.  3
    A consideration of the psychological principles and procedures  
    in effective personnel management, with special reference to business  
    and industry.

338. SOCIAL PSYCHOLOGY  Mr. Gowain.  3
    Individual behavior as it is influenced by cultural forces.

342. PSYCHOLOGICAL TESTS AND MEASUREMENTS  Mr. Carter.  3
    Theory and application of individual and group testing.

345-346. MINOR PROBLEMS  Staff.  2 or 3
    Independent work on selected topics under the guidance of staff  
    members. Consent of instructor.

411. ABNORMAL PSYCHOLOGY  Mr. Lichtenstein.  4
    Psychopathology: Its development, course, and treatment with  
    emphasis upon prevention and cure. Prerequisite: 226.

412. SYSTEMATIC PSYCHOLOGY  Mr. Lichtenstein.  3
    A study of the schools of psychological thought and theory. Pre- 
    requisite: 315-316.

417. INDUSTRIAL PSYCHOLOGY  Mr. Carter.  3
    Psychological principles and methods as they contribute to the  
    solution of industrial problems. Prerequisites: 320, 342; Mathemat- 
    ics 203.

420. INDUSTRIAL COUNSELING  3
    Psychological principles and techniques of personnel counseling  
    in employee adjustment and industrial relations.

440-441. ADVANCED GENERAL PSYCHOLOGY  Mr. Lichtenstein.  2
    Designed to integrate the student's knowledge of psychology.

445-446. MINOR PROBLEMS  Staff.  2 or 3
    Independent work on selected topics under the guidance of staff  
    members. Consent of instructor.

461-462. INDIVIDUAL WORK FOR HONORS  Staff.  3

RELIGION

Mr. C. Larson, Chairman

Religion courses are suitable for cultural orientation and as  
preparation for pre-ministerial students.
MAJOR IN RELIGION

Among the 24 semester-hours of credit for a major in this department 111, 112, 213, 214, and 401-402 are required.

111. INTRODUCTION TO HEBREW RELIGION 3
Orientation to the study of the Bible: The history of the Hebrew people to 200 B.C.; the record of their religious and ethical insights as found in the Old Testament.

112. THE RISE OF CHRISTIANITY 3
The origins of the Christian movement as found in the New Testament; the life and thought of the early church. Continuation of 111.

118. THE LIFE AND TEACHINGS OF JESUS 3
A detailed study of Jesus' life, thought, and significance based on the four gospels.

213. HISTORY OF CHRISTIAN THOUGHT AND ACTION 3
A survey of the western development of Christianity from the apostolic church to the Protestant Reformation; attention to the genesis of Christian opinion on war, peace, the state, family, property, etc.; biographical data on prominent personalities.

214. HISTORY OF CHRISTIAN THOUGHT AND ACTION 3
From the Protestant Reformation to the Twentieth Century. Continuation of 213.

217. THE FAITHS OF MANKIND 3
Theories of the origin of religion; examination of the major religions of the world other than Judaism and Christianity.

218. CONTEMPORARY RELIGIOUS MOVEMENTS 3
A survey of the principal religious cults in the United States. Opportunity whenever possible for experience with the groups studied.

301. THE BASES OF CHRISTIAN ETHICS 3
A critical study of the fundamentals of Christian morality as represented primarily in contemporary Christian authors. 213, 214 recommended.

308. RELIGION AND SCIENCE 3
A study of the impact of certain scientific viewpoints upon modern religious values; readings from scientists and theologians.

361-362. DIRECTED STUDY IN RELIGION 3

PHILOSOPHY OF RELIGION
(See Philosophy 401 for description.)

461-462. INDIVIDUAL WORK FOR HONORS 3
MAJOR IN SOCIOLOGY

The major in Sociology is designed for a student who expects to pursue graduate study in Sociology leading to a teaching or research career, as preparation for those who anticipate entering social work and government service, and for those whose interest is primarily cultural.

A major in Sociology shall earn at least 24 semester-hours and preferably 30 semester-hours of credit in Sociology, including 207, 222 and 420 and at least 18 semester-hours of credit from the following related courses: Core Course 10 b; Economics 212, 317-318, 332; Family Life 211; Geography 226; Government 211, 312; Mathematics 203; Philosophy 321, 326; and Psychology 211, 338.

A Sociology major not planning further study in this field will not be required to take 222. However, no student will be recommended to graduate school without credit in this course.

Core Course 71-72, or Sociology 207, is a prerequisite to all courses offered in the Department of Sociology and should be taken during the sophomore year.

207. FOUNDATIONS OF SOCIAL LIFE Mr. Mitchell, Mrs. Nelson. 4
The study of man, of human social organization, culture, and language, emphasizing both primitive and later technology, behavior, institutions, and the dynamics of society.

208. POPULATION PROBLEMS Mr. Day. 3
Population, distribution, composition, growth, and their bearing on current economic, political, and social problems.

211. CRIMINOLOGY Mr. Mitchell. 3
A study of the phenomenon of crime in American society as to amount, the varying rates in terms of area of residence, age, social class, and occupational group, and the causes and the treatment of criminal behavior.

222. SOCIAL INVESTIGATION Mr. Mitchell. 3
Principal methods of social research are examined; planning and conducting of a research project and the use of current techniques of collecting, analyzing, interpreting, and reporting data. Prerequisite: Mathematics 203.
307. RURAL-URBAN SOCIOLOGY Mr. Day. 4
Comparative and interrelated study of rural-urban life considering the physical, institutional, social, cultural, and economic factors of modern living.

308. SOCIAL WORK Mr. Day. 3
A survey course including an analysis of public administration and private agencies and a descriptive comparison of types of social work including both case and group work.

312. RACE PROBLEMS IN THE UNITED STATES Mr. Mitchell. 4
Indians, Orientals, Negroes, and other minority groups in the United States.

THE FAMILY Mrs. Vreeland. 3
A study of the structure of the family as an institution and its inter-relationships with other social institutions; changing economic and social functions of the family as seen in historical and cultural perspective. (See Family Life 313.)

315. COMMUNITY ORGANIZATION Mr. Mitchell. 3
A study of natural and interest groupings within the community; methods of analyzing communities and the problems of community organization; the formation and analysis of programs for making effective community services and institutions.

361-362. DIRECTED STUDY IN SOCIOLOGY Staff.
Credit earned will be determined by departmental evaluation.

415. HUMAN RELATIONS IN INDUSTRY Mr. Duffy. 3
A study of the organization and characteristics of modern industrial societies; of the effects of technology on industrial environments; of the behavior of formal and informal groups in industry. The methodology of social research for analyzing and resolving group tensions in industry.

416. SOCIOLOGICAL THEORIES Mr. Holloway. 3
A survey of the more important literature of theoretical sociology, comparing the work of major systematic sociologists from Comte to the present. Open only to majors, or by consent of instructor.

420. SEMINAR Mr. Mitchell. 3
Advanced study of special problems suggested by courses already taken. Open only to majors.

461-462. INDIVIDUAL WORK FOR HONORS Staff. 3
SPEECH

Mr. Crocker, Chairman; Mr. Robbins (on leave 1951-52), Mr. McCoy, Mr. M. Dean

MAJOR IN SPEECH

A student majoring in Speech shall elect a minimum of 24 hours in Speech including 225, 312, 331, and 309 or Education 339. Other courses will be suggested to conform to the needs of the individual student.

114. ORAL READING  Mr. Crocker. 3
Continuation of Core Course 10 c, credit in which counts toward a major in Speech. Not open to students who have received credit in Theatre Arts 114.

131. REMEDIAL SPEECH  Mr. M. Dean. 1-2
Individual instruction for the correction of speech disorders, or for students seriously deficient in articulation, enunciation, and pronunciation. Individual need will determine the nature of this work. Credit hours assigned to determine study load and fees. Does not count as credit toward graduation.

212. ELEMENTS OF SPEECH  Mr. Crocker, Mr. McCoy. 3
Continuation of Core Course 10 b, credit in which counts toward a major in Speech.

219. INTERCOLLEGIATE DEBATING  Mr. Crocker. 1-2
The questions to be used in the intercollegiate debates will be studied and members of the men's and women's teams will be chosen from this class. Freshmen are organized into a separate class meeting one hour a week. A total of six hours in debating may be counted toward graduation.

220. DISCUSSION AND DEBATE  Mr. Crocker. 3
How to lead and take part in group discussions. Parliamentary law, conferences, discussion, argumentation.

221. BUSINESS AND PROFESSIONAL SPEAKING  Mr. Crocker. 3
Advanced public speaking. Prepared speeches appropriate to business and professional life. Consent of instructor.

225. INTRODUCTION TO RADIO  Mr. Robbins. 3
The history of radio development; a study of the structure of broadcasting; comparative study of broadcasting practices in other countries; the objectives of radio as a social force and cultural influence; and the analysis of existing programs aimed toward the development of acceptable standards for radio. Prerequisite: Core Course 10 b or equivalent. (Not offered in 1951-52.)
226. RADIO WORKSHOP  
Comprehensive lecture-laboratory course covering the basic techniques of radio acting, writing, announcing, and directing. Prerequisite: 225 and consent of instructor. (Not offered in 1951-52.)

227. RADIO PRODUCTION PROCEDURES  
Lecture-laboratory course in the production of complex program types; study of production problems, techniques, and procedure, acoustical and electrical distortion, and the development of sound patterns. Prerequisite: 226 and consent of instructor. (Not offered in 1951-52.)

228. ADVANCED PRODUCTION PROCEDURES  
Study of music, variety, and complex dramatic program types. Continuation of 227. Prerequisite: 227 and consent of instructor. (Not offered in 1951-52.)

229. CONTEMPORARY RADIO  
During spring vacation a trip to the four major radio networks in New York will be made to observe station operation, studio arrangements, the production of various types of programs from rehearsal through performance, and the production of television programs. Study of network operational policies and procedure precede the trip; a written report of the trip is required. Estimated cost of trip, exclusive of tuition, $75 to $100. Consent of instructor. (Not offered in 1951-52.)

309. SEMINAR IN SPEECH  
Readings and reports in the six areas of speech. (Offered in 1951-52.)

312. RHETORICAL THEORY  
Historical and critical survey of the principal theories of speech composition and delivery from Aristotle to the present time, with special emphasis on the classical period.

331. VOICE AND SPEECH IMPROVEMENT  
The relation of speech to mental hygiene; an introduction to phonetics and to the study of speech disorders; types, characteristics, diagnosis, and theories of treatment. Prerequisites: 12 hours of Speech and/or Theatre Arts. (Offered in alternate years beginning in 1951-52.)

361-362. DIRECTED STUDY IN SPEECH OR RADIO  
461-462. INDIVIDUAL WORK FOR HONORS  
THE TEACHING OF SPEECH  
(See Education 339; offered in 1952-53.)
THEATRE ARTS
Mr. Wright, Chairman; Mr. Brosmer, Mr. Adams

MAJOR IN THEATRE ARTS

A student majoring in Theatre Arts shall elect 28 to 32 semester-hours. Among the courses should be 215-216, 323-324, 326, and 415-416 with additional hours in other courses representing acting, technical or theory, and criticism. Recommended courses in allied fields are English 321-322, 329, and 330; Greek 201, and such other courses as the Department feels the individual student may need.

114. ADVANCED DRAMATIC INTERPRETATION
Mr. Wright, Mr. Brosmer. 3
An elective to follow Core Course 10 d. This course counts as credit for a major in Theatre Arts, and places emphasis on developing an individual platform personality and the building of a repertoire. Offered second semester only. Not open for credit to students who have received credit in Speech 114.

215-216. INTRODUCTION TO THE THEATRE
Staff. 3
Basic course in all phases of theatre production. Designed for non-majors but first course for majors. Make-up, scene-construction, lighting, properties, costuming, theatre management, and basic principles of acting and direction. University Theatre as laboratory. (Both semesters required for credit.)

224. STAGE LIGHTING
Mr. Adams. 2
Theory and practice in the proper use of lights in present day theatre.

225. CONTEMPORARY THEATRE
Mr. Wright. 2
Attendance at outstanding productions in New York during spring vacation, preceded by study of contemporary productions and followed by a written report of the productions seen. Estimated cost of trip, exclusive of tuition, $90 to $100. Consent of instructor.

227-228. ACTING FOR BEGINNERS
Mr. Brosmer. 2
Acting experience in class work and studio productions. Emphasis on stage principles, traditions and character-creation, emotional interpretation, and projection.

229-230. ADVANCED ACTING
Mr. Wright, Mr. Brosmer. 2
Work in all types of acting with emphasis on varsity production. Consent of instructor.

235. CHILDREN'S THEATRE
Mr. Adams. 2-3
Specialized work in preparation and presentation of a play for children by adults. Consent of instructor.
301-302. STAGECRAFT AND SCENE DESIGN Mr. Adams. 2-6
Work in design, construction, and painting of scenery for University productions, with special emphasis on stage-managing and all back-stage work. May be taken during Denison Summer Theatre. Consent of instructor.

323-324. THEATRE HISTORY Mr. Brasmer. 3
Survey of World Theatre from Greeks to the present, exclusive of America (first semester, alternates with 326); survey of Theatre and Film in America from beginnings to present (second semester, offered every year); emphasizes influences cultural, social, and political as well as personalities and methods of production.

326. THEORY OF THE THEATRE Mr. Wright. 3
The analysis and comparison of dramatic theories from Aristotle to the present with emphasis on present trends of stage and motion pictures. Prerequisite: 12 hours of Theatre Arts. (Offered in 1952-53.)

361-362. DIRECTED STUDY IN THEATRE ARTS Staff. 3

401. MAJOR TECHNICAL PROBLEMS Mr. Wright. 2-6
Open to students with special talent in lighting, direction, costuming, acting, playwriting, dramatic interpretation or such projects as may be necessary to complete a well-rounded background in their major field. May be taken as credit through participation in Denison Summer Theatre. Consent of instructor.

415-416. PLAY DIRECTION Mr. Wright, Mr. Brasmer. 2-3
Theory and practical work in direction. Each student is responsible for selection, casting, rehearsing, and production of one-acts or longer plays presented in the Studio Theatre. Prompt Book for three-act play for extra hour credit. Prerequisite: 15 hours of Theatre Arts and consent of instructor.

461-462. INDIVIDUAL WORK FOR HONORS Staff. 3
CONSERVATORY OF MUSIC

FACULTY

KARL H. ESCHMAN, Ph.B., A.M., F.A.G.O.

Director of the Conservatory
Professor of Music

Graduate of Denison in piano and organ; graduate student, Harvard 1911-12, under Walter R. Spalding and Edward Burlingame Hill; 1912-13, under Hugo Kaun and Victor Heinze, Berlin; under Erwin Stein, Egon Wellesz and others, University of Vienna, 1929-30; under Walter Piston, Harvard, 1942; member of the faculty, Ohio State and Northwestern summer sessions, 1926-29 and 1935 to date. Fellow of American Guild of Organists.

SAM GELFER

Instructor in Music

VIOLIN

Pupil of Henry Schradieck, Theodore Spiering, Alois Trnka, and Joseph Achron in violin and of Frederick B. Stivens and R. H. Miles in theory; Juilliard School of Music, Chamber Music with Felix Salmond.

BRAYTON STARK, Mus.B., A.M., F.A.G.O.

University Organist
Associate Professor of Music

ORGAN AND THEORY

Graduate of Guilmant Organ School; post-graduate work at Eastman School of Music; theory with T. Tertius Noble and organ with Joseph Bonnet, organist of Cathedral of St. Eustache, Paris; director of music at Christ Church, Corning, N. Y.; Fellow of American Guild of Organists. B.Mus., Denison; A.B., Denison; A.M., Harvard.

SUE HAURY, A.B.

Assistant Professor of Music

PIANO

Graduate of Peabody Conservatory; graduate student at New England Conservatory; fellowship at Juilliard Graduate School; A.B.
CONSERVATORY OF MUSIC

Denison; pupil of Olga Samaroff, Rudolf Ganz, Ernest Hutcheson, and Carl Friedberg in piano. Instructor, Occidental College, Los Angeles, Calif.

HERMAN LARSON, A.B.
Assistant Professor of Music

VOICE

Graduate of Augustana College, Sioux Falls, South Dakota, 1933; Graduate student, American Conservatory of Music, Chicago, 1933-37, voice with Theodore Harrison and theory with Leo Sowerby and Jeanne Boyd; instructor, Valparaiso University, Valparaiso, Indiana, 1935-36, and Joliet Conservatory of Music, Joliet, Illinois, 1936-37; Associate Professor, University of Oklahoma, 1937-44.

AUDUN RAVNAN
Instructor in Music

PIANO

Student at Bergen Conservatory of Music, Norway; Riefling Institute of Piano, Oslo, Norway; special student, Northwestern University; pupil of Ivar Johnsen and Louis Crowder. Instructor, Bergen Conservatory of Music, and Preparatory Department, Northwestern University.

HARTLEY R. ALLEY, B.S. and M.A. in Mus. and Mus. Ed.

Instructor in Music

Graduate of Teachers College, Columbia University, for both bachelor and master's degrees; majored in composition, Miami University; majored in trombone, Juilliard School of Music; studied conducting with Robert Hufstader and Norval Church; trombone with Ernest Clarke; theory with Howard Murphy. Played first trombone and was assistant conductor, 310th Air Force Band, 1942-45; conductor and arranger, recording studios, New York City, 1946-50; director, high school band, Hagerstown, Maryland, 1950-51.
MUSIC CURRICULUM
THEORETICAL STUDIES

Courses in the theory and history of music will be found listed in detail under the Department of Music in the regular list of college courses in the catalog. (See page 89.)

APPLIED STUDIES

Proficiency in one department of Applied Music is a requirement for graduation. To obtain the Conservatory Diploma the student must appear in a public recital near the end of his senior year. If he chooses to substitute normal study for the recital and shows evidence of ability to teach his major subject, he will receive a Conservatory Certificate.

The student who selects violin, voice, violoncello, etc., as his major must take piano as a minor subject until he is able to play piano music of the third grade of difficulty.

The number of years required to complete the work in any applied study depends entirely upon the student's ability and previous training. Examinations at intervals will be given to the student to ascertain his standing. In general, these examinations consist of technical demonstrations, the performance of prepared compositions from memory, and the playing of one selection prepared without the aid of the teacher.

PIANOFORTE

It is the aim of the department to study and to meet the individual needs of each student. In accordance with this policy, the department accepts a student for private lessons only.

Especial attention is paid to the laying of careful foundations in technical work. Modern principles of relaxation and of good tone production are emphasized. Facility and velocity are sought, but artistic interpretation is even more desirable. This is, of course, impossible of attainment without an adequate technique.

The student's attention is called to the problems underlying program-making, and his knowledge of piano literature is supplemented by theoretical work.

For junior standing in this department, a student must play all major and minor scales in three speeds; scales of double thirds, fourths, and octaves, and arpeggios of all triads, diminished and
dominant sevenths; Bach's three-part inventions, a Haydn sonata, compositions by Schubert, Mendelssohn, and others.

For senior standing, a student must achieve greater speed and facility in all technical work. Other requirements are scales in double sixths, fugues from the *Well-Tempered Clavichord*, a Beethoven sonata, and compositions by Schubert, Chopin, and more modern composers.

**VOICE**

Since correct placement is the aim of all vocal instruction, the teacher seeks to determine the student's normal range and to perfect the even quality of tones throughout that range. Other factors stressed are correct control of the breathing, diction, and enunciation. The vocal student is required to study a modern foreign language in order to cultivate vocal diction in more than one idiom. He is also required to study the piano and is advised to begin this study early in his course.

Vocal instruction will be directed toward the problems peculiar to the voice, and to song interpretation, to rhythm, and to phrasing. The song literature of all schools, lieder, arias, ballads, and art songs are used.

The student in voice is urged to participate in the University chorus, and to study solfeggio and elementary theory.

For junior standing in this department, a student must show proficiency in vocalization from the first books of Concone, Lamperti, Marchesi, Sieber, Vaccai, or similar works. He must also demonstrate satisfactory enunciation and range in songs of moderate difficulty in English.

For senior standing, a student must show proficiency in advanced vocalization and in arias from opera and in oratorio in other languages.

For those who wish an introduction to singing, class lessons may be arranged (Voice Class, one hour credit). A student is accepted for *private lessons at any stage of advancement*.

**ORGAN**

Study of the piano is a prerequisite for the study of the organ. Whether or not the student has fulfilled this requirement is determined by the instructor. The department reserves the right to require more piano study.

Because the acquisition of a smooth legato style at the organ is the objective, the music for advanced study is selected from those
composers who are especially idiomatic—Bach, Mendelssohn, Rheinberger, Guilmant, and others. Both concert and church music are studied.

For junior standing in this department, the student must pass examinations which will require him to play a composition previously studied; to play a selection prepared without the aid of the teacher; to play at sight a simple trio for two manuals and pedal; to play pedal scales (major or minor) of two notes at 120 mm.; to transpose at sight a passage in four-part harmony into keys not more than one tone higher or lower, and to play simple modulations.

For senior standing, the student must play a composition previously studied and a selection prepared without the teacher's help. In addition, he must play at sight a more difficult trio, must play pedal scales (major and minor) of four notes at 84 mm., and also arpeggios. He must also transpose at sight a passage in four-part harmony into keys not more than a major third higher or lower and must play modulations into remote keys.

VIOLIN AND VIOLONCELLO

Those entering violin and violoncello playing for the first time will find especial attention paid to matters of position, bowing, and fingering. From the start, production of good tone with clear intonation is emphasized.

More advanced pupils are introduced to a wide range of literature. Ensemble playing is encouraged. Any student sufficiently advanced has the opportunity of playing in the University orchestra.

The aim is for a broad musicianship and a high plane of artistic conception and interpretation.

For junior standing, the student must pass examinations in Violin based upon technical studies by Mazas (Opus 36), Kreutzer, or Fiorillo, and compositions by DeBeriot, Vieuxtemps, Viotti, Rode, and Haydn.

For senior standing, he may expect to be examined on the Twenty-four Caprices of Rode, DeBeriot's L'Ecole Transcendante and concertos by Spohr, Mozart, and Nardini, together with sonatas by Mozart and Beethoven.

WIND INSTRUMENTS

Those playing wind instruments for the first time will be taught to build a good embouchure and helped to acquire a good tone, good articulation, and the control necessary for good phrasing. More advanced pupils will be introduced to a wide range of literature for
their particular instrument, and for junior and senior standing will be examined on material comparable in difficulty to that required by other departments.

**MUSICAL ORGANIZATIONS**

**THE A CAPPELLA CHOIR** of mixed voices sings at student convocations and on various other programs, including a home concert each year.

**THE BAND** is organized as the Marching Band during the football season, appearing at home games and making several trips to out-of-town games. During the winter and spring the Concert Band rehearses and appears in one or more concerts.

**THE CHORAL ENSEMBLE** has sung Handel’s *Messiah* at the Christmas season annually since 1905, and other choral works in the annual Spring Festival. In recent years 250 or more voices have sung Verdi’s *Manzoni Requiem* and *La Traviata*, Bach’s *Passion According to St. Matthew*, Gluck’s *Orpheus*, Schubert’s *Mass in E flat Major*, Bizet’s *Carmen*, and Mozart’s *Requiem*.

**ENSEMBLE** work in string and piano classes is offered for students sufficiently advanced.

**THE MEN’S GLEE CLUB** with 80 years of tradition behind it is in frequent demand for various short programs. The club appears on radio programs, gives several home concerts each year, and takes an annual spring trip for a series of concerts away from Granville.

**THE DENISON ORCHESTRA** affords students the opportunity of playing in a spring concert and in both music festivals. Members are also invited to play in the Licking County Symphony Orchestra.

**THE WOMEN’S GLEE CLUB**, which was first formed about 50 years ago, appears in programs in and near Granville, presents at least two concerts annually, and usually makes a spring concert tour to several Ohio cities.
